The University of Regina provides a dynamic, innovative and supportive learning experience with a growing national reputation for excellence in teaching and research. We prepare our students to excel in the local and global communities. Our research opportunities attract the best and brightest minds and our comprehensive services ensure student success. We are located in a striking natural setting which is energized by our students, faculty and staff. What an exciting place to be a student!

“I love being able to learn from the leaders in my field. Not only are my profs experts, but they’re accessible and willing to help.”

Holly Martin
Fine Arts (Visual Arts)
3rd Year

“Being here broadens your mind, teaches you to think critically. It’s about learning concepts, not just skills-based training.”

Brent Barnes

The University of Regina is one happening place!

Here are a few of the exciting developments that await you here:

• A $60 million addition to the Laboratory Building, which will be completed during the fall of 2008. The Lab Building addition will be one of the most advanced teaching and research facilities in Canada, housing state-of-the-art laboratory space for students and faculty.

• The breathtaking North and South Residences

• The Centre for Kinesiology, Health and Sport, which houses five gymnasiums, an elevated running track, swimming pool, state-of-the-art fitness centre and more

• A beautiful academic green at the heart of the campus

• The First Nations University of Canada – the only university-level institution in North America developed and run by First Nations peoples

And in these remarkable facilities you’ll find unique opportunities:

• We give you the chance to gain valuable work experience with almost every undergraduate program and were the first university in Western Canada to introduce a Co-operative Education program, which has been going strong since 1969

• We have many one-of-a-kind programs in Saskatchewan like Social Work and Actuarial Science, as well as partnership programs with SIAT including Environmental Biology, Resource and Environmental Studies, Medical Imaging, Tourism Management and more

• In the prairies we are the only university with Journalism and Film and Video Production degrees

• We are one of the only universities in Canada to offer direct entry into Education

• We have an innovative Bachelor of Human Justice degree and Bachelor of Arts degrees in Police Studies and Justice Studies, which are one-of-a-kind in Canada

• A unique partnership has begun between our Paul J. Hill School of Business and Richard Ivey School of Business at the University of Western Ontario

• Our research is strategically focused in five broad areas: social justice, health, informatics, culture and heritage, energy and the environment

• On the prairies, we are the foremost university for research in clean and sustainable energy and climate change adaptation. Most notably, faculty member Malcolm Wilson won the Nobel Peace Prize in 2007 as part of the Intergovernmental Panel on Climate Change

• The Interactive Media and Performance Lab, which is the only facility of its kind in Canada, opened in Winter 2008, allowing faculty and students to study hip hop culture in Saskatchewan.

• We have three federated colleges that provide unique faith- and culture-based communities and specialized learning opportunities

We care about you!

• We offer you hundreds of ways to get involved and make your time at the University unforgettable

• We have student services designed to help you succeed

• We are open and accessible to all students

Take a look at the numbers

• Graduates annually: 2,300 students from Canada and 20 other countries

• Students: 12,147

• Alumni: 52,000

• Research grants: $22.4 million

• Library holdings: 2.2 million items

• Female/male ratio: 60% / 40%

Welcome to Regina

Regina is the sunniest capital city in Canada, and our hearts are always open to students. Take a look.

Regina, in the province of Saskatchewan, Canada, seems to shoot right out of the plains, its more than 350,000 hand-planted trees providing an oasis on the prairies. This beautiful capital city has grown since the 1880s through good farming, booming resource industries, a diversified economy and expanding government services. More than 200,000 people make their home in this friendly prairie city.

The University is situated within Wascana Centre, North America’s largest urban park. Besides expansive lawns, waterways and bike paths, Wascana also holds a research technology park, a world-class performing centre, a leading Canadian art gallery, a science centre, a natural history museum, a bird sanctuary, a major movie soundstage, excellent rowing facilities, a lakeside restaurant and the Saskatchewan Legislative Building.

Elsewhere in Regina you’ll find the RCMP Heritage Centre and national training facility, professional theatre, a symphony orchestra, the province’s biggest casino and extensive cultural, commercial and entertainment opportunities.

Come and enjoy.
Student Life

Explore
“Being part of a team like the Rams makes every part of the university experience more fun.”

Sean Herperger
Kinesiology and Health Studies
(Recreation and Sport Administration)
2nd Year

Student Life
There are so many exciting opportunities for you at the University of Regina! Academic advisors in each faculty and federated college will help you decide on your program. And there are many other ways to get information about your possibilities at the University.

Student Development Centre
If you’re not sure what to study or want to find out about programs, admission requirements or just about anything else, see an advisor at Student Development Centre (SDC). SDC has free writing services and mathematics support, plus offers seminars that will support your development as a student.

sdc@uregina.ca
www.uregina.ca/sdc

Orientation
Orientation is a great way for you – and your parents or partner – to get an introduction to campus life. You will take part in a campus tour and have a chance to meet the University president, deans, faculty and many other students and parents. As well, you will learn practical success skills and find your classes so that you’re prepared for your first day.

www.uregina.ca/orientation

Residences
Living on campus is the perfect way to get the full U of R student experience: it offers you independence and friendship in a vibrant, multicultural atmosphere. Residences include access to computer labs, lounges, music rooms, games rooms and laundry facilities. All rooms have free telephone and high-speed Internet access and are fully furnished – what could be more convenient than that? Not to mention you’ll be so close to all of your classes and won’t have to worry about starting a car in the winter!

We have every possible living arrangement for you to choose from: on your own or with roommates, in a dorm or an apartment, cooking for yourself or buying a meal plan, co-ed or not, living with people you already know or making new friends. Your family might miss you, but there’s nothing like living in residence.

Check out the University residences at www.uregina.ca/residences and Luther College residence at www.luthercollege.edu

Sports and Recreation
What better way to meet new friends, burn off stress and get fit than Recreation and Intramurals? They attract nearly two-thirds of the University’s full-time students to a wide range of activities including team sports like volleyball, slo-pitch, floor hockey, basketball, curling, ultimate Frisbee, rubber chicken Olympics and soccer. You can also join clubs like fencing or Aikido, and sign up for fitness classes like spinning or hip-hop dancing.

Additionally, you can use the combatives room, movement studios, five gymnasiums, elevated running track and full array of state-of-the-art fitness equipment, swimming pool and more, which are all housed in the 255,000-square-foot Centre for Kinesiology, Health and Sport.

www.uregina.ca/recservices

Arts & Culture
Why not join the University chamber singers, jazz band, concert band or other ensembles, or take private music lessons at the Conservatory of Performing Arts? You can also participate in a theatrical production on one of two University stages and attend an opening at the Fifth Parallel Gallery, the longest-running student-operated gallery in the country – or exhibit your own artwork there!

Other events include an annual student-run film festival, a playwright reading series, library events and the annual powwow of the First Nations University of Canada. You will never be bored with all these activities going on!
Athletics
The University participates in intervarsity basketball, volleyball, track and field, cross county, swimming, wrestling, hockey, women’s soccer and men’s football (U of R Rams). Our Cougars belong to Canadian Interuniversity Sport and compete in the Canada West Universities Athletics Association, and 20 per cent of Cougar athletes achieve Academic All-Canadian status each year. As a student, you can go to Cougars games for free and Rams games for only $5.

The U of R’s football and women’s basketball teams highlighted the 2007-08 season. In the fall, the Rams had their best regular season in history, posting a 6-2 Canada West record and defeating the University of Saskatchewan Huskies in the conference semifinals. The women’s basketball team won the Great Plains Division with a 16-6 record and advanced to the national tournament in Saskatoon with a win over No. 1-ranked Simon Fraser University in the Canada West Final Four. The Cougars won twice at the CIS Championship before falling to UBC in the gold medal contest.

The highlight of the 2008-09 season will be in early March when the U of R will host the 2009 CIS Women’s Basketball Championship at the Centre for Kinesiology, Health & Sport.

Once again, several University of Regina athletes earned All-Canadian honours. Mat Nesbitt and Brendon LaBatte from the Rams were both named All-Canadians, while Nesbitt was named the CIS Defensive Player of the Year. Also earning All-Canadian honours were Ali Bernard (women’s wrestling), Cory Horsburgh (men’s wrestling), Jeff Jones (men’s wrestling), Alex McStay (men’s wrestling), and Janine Polischuk (women’s track & field), who was also named the CIS Field Athlete of the Year.

Exchanges
Love to travel? Want to see the world? Every year U of R students are involved in placement programs in countries like Australia, Finland, Japan, and Brazil. Exchanges range from one semester to a full year. If you’re interested in a North American exchange, the National Student Exchange program offers exchanges to 120 universities across Canada and the U.S. There are also volunteer and work-abroad programs.

www.uregina.ca/isso

University of Regina Students’ Union (URSU)
URSU represents all U of R students and operates student services, resource groups and clubs. URSU is also an advocate of student issues and ensures the needs of students are presented to the university administration and the provincial and federal governments. Their services include a housing registry, resume service, student advocate, student handbook, copy centre, computer stations, tutor registry, used bookstore and the Lazy Owl Bar & Grill.

www.urusu.uregina.ca

UR X-celerating!
Jumpstart your University career through UR X-celerating!, our accelerated student program. The program lets you take a U of R class while you’re still in high school, giving you the opportunity to start earning credit towards your degree. You can take any 100-level class as long as you have the prerequisites, approval from your high school principal and a completed admissions form. Popular UR X-celerating! classes include Sociology, Political Science, and English, and many are offered in Regina and area high schools.

http://www.uregina.ca/newstudent/known/university/accelerated.shtml

And So Much More!
• Counselling Services: offers free and confidential personal counselling.
• Aboriginal Student Centre: is a link between Aboriginal students and the many student services offered at the University of Regina. It will help you make a successful transition to University life and achieve your educational goals.
UR Connected! gets you excited about coming to the U of R! I would absolutely recommend it to grade 12 students.”

Tina Paridaen
Business Administration (Finance)
2nd Year

• Disability Resource Office: provides support if you have any type of disability.
• Religious Services Office: connects you to students from various religious backgrounds and offers faith-based support.
• Allied Health Centre: includes family physicians, nurses, lab technicians, physiotherapists, chiropractors, massage therapists, podiatrists, psychiatrists and exercise professionals at the Dr. Paul Schwann Centre.
• Child Care: two day care centres provide licensed services and creative programming.
• Computer Access: hundreds of computers are available for you to use, and the whole campus is equipped with wireless Internet.
• Campus Security: patrols the campus 24/7, responds to calls, offers an evening Walk-Along Program and delivers crime-prevention classes. You’ll always feel safe here!
• Libraries: four on-campus libraries hold 2.2 million volumes to meet your research needs and offer library orientation sessions at the start of each semester.
• Women’s Centre: provides support for female students including peer counselling, resource materials, special events and mentoring programs.
• Food Services: a wide variety of delicious choices are available at convenient outlets across campus, and meal plans are a great option.
• Bookstore: get your textbooks, school supplies, gifts and Cougars, Rams, and U of R clothing.
• Parking: a range of parking services is available, and you can purchase passes online.

• International Student Success Office: assists the University’s international students with things like orientation, health insurance, visas, advocacy and general information.
• English as a Second Language (ESL): helps you fulfill the U of R’s English language proficiency requirements with our world-recognized ESL program.

Visit Us
Our door is open! To get first-hand information on any program at the University of Regina, come visit us.

UR Connected!
Our campus visit program will help you get excited about your future at the U of R by exploring the many possibilities here and connecting with students from all over the prairies.

UR Connected! – October 22 & 23, 2008
Grade 12 students, parents and high school counsellors can attend either day to find out everything they need to know about the U of R. You’ll tour campus with a current student, learn about U of R programs and services, meet other high school students and have a fantastic time!

Get connected!

Campus Tours
We will arrange a specialized visit or tour of the University of Regina for any size or age of group or special interest.

Register for UR Connected! or book a campus tour today! Visit http://www.uregina.ca/newstudent/knowur/oncampus.shtml, call toll free 1-800-644-4756 or email student.recruitment@uregina.ca.
Scholarships

A scholarship may be waiting for you!

Every year the U of R presents more than 2,500 scholarships, awards and bursaries, with a total value of over $3 million. With a wide variety of eligibility criteria and scholarships tailored to specific student groups, there’s likely a scholarship that’s right for you. Here are some examples:

• Guaranteed Centennial Merit scholarships of $2000 or $3000 for outstanding students entering directly from a Saskatchewan high school with entrance scholarship averages over 92%

• Forty new scholarships for Alberta, Manitoba and other Canadian students

• Over $85,000 in scholarships for international students

• 18 distinct scholarships and financial need bursaries allocated solely for Aboriginal students, including the CIC Aboriginal Bursary

• Many other scholarships for rural students, varsity athletes, International Baccalaureate, Advanced Placement and accelerated students, part-time students, students doing international travel, federated college students, Distance Learning students, mature and Adult 12 students, transfer students, francophone and French speaking students and more!

• We even have prizes for students who attend UR Connected!

For more information or an application form visit www.uregina.ca/awards or email scholarships@uregina.ca.

The deadline for entrance scholarships is March 15.

The U of R offers the best athletic scholarships in Canada, and the athletic coaches care about our academics.

Diphile Iradukunda
Completed Pre-Medicine at U of R, University of Saskatchewan Medicine 1st Year

Co-operative Education

Why choose Co-op?

• Improve your job search, resume and interview skills
• Help pay your way through university by earning $8,000 - $16,000 per work term
• Experience work, social and cultural life in a new location. Many Co-op placements are outside Regina; some are even overseas!
• Kick-start your career
• Boost your grades through practical experience

The Co-op option is available in:

• Arts • Business Administration
• Engineering • Mathematics & Statistics • Chemistry & Biochemistry • Physics • Biology
• Computer Science
coopoff@uregina.ca
www.uregina.ca/careercentre

Other Work Experience

Besides co-op education, many U of R programs offer internships, practicum placements and other work experience options, along with research and student assistantships, all of which can help you:

• Supplement your education
• Make career connections
• Gain confidence in your chosen field

Here are some examples:

• Faculty of Arts
  ¬ Arts Work Experience Internship program – work and receive credit
  ¬ Police Studies internship
  ¬ Journalism paid internship
  ¬ Two Human Justice practica
• Faculty of Education
  ¬ In-school experience throughout your program, beginning in your first semester
• Faculty of Engineering
  ¬ Co-operative Education Internship Program where students can choose either a 12- or 16-month internship placement
• Faculty of Fine Arts
  ¬ Professional Placement Program
• Faculty of Kinesiology and Health Studies
  ¬ Four-month fieldwork placement
• Faculty of Science
  ¬ One-year paid internship in Actuarial Science
• Faculty of Social Work
  ¬ Two practica

Student Employment Services

Where education and employment meet!
We'll help you find employment through services like an online job board, a summer and graduate registry, Careers Day, Education Careers Expo and Summer Job Fair, workshops on resume preparation, interview skills and more.

Career Exploration and Counselling

This is where you'll find workshops, information and counselling on self-assessment, job opportunities and search techniques.

Transfer programs

These programs provide you accessibility and allow you to benefit from the expertise at the University of Regina and another institution.
- Transfers with Medicine Hat College & Briercrest College – credits towards Bachelor of Arts
- Transfers with Red Deer College, Medicine Hat College, Mount Royal College, Lethbridge Community College and College of the Rockies – credits towards Bachelor of Kinesiology

For more information on our programs please visit www.uregina.ca/newstudent/whatstake.shtml

Pre-professional programs

Low cost, smaller class sizes and proximity to home are just a few reasons for you to begin studying here before moving on to another institution to complete your professional degree.
- Agriculture, Dentistry, Law, Medicine, Pharmacy, Nutrition, Veterinary Medicine, Physical Therapy, Optometry, Occupational Therapy, Chiropractic Medicine
Business Administration

The Faculty of Business Administration’s Paul J. Hill School of Business prepares you for management of private, public and non-profit organizations. You’ll develop conceptual, human, technical and operational knowledge and skills to help you succeed. The nationally and internationally distinguished faculty will guide you as you study in state-of-the-art facilities. You also have the opportunity to gain valuable work experience through the Co-operative Education program.

A new strategic partnership has been created between the Paul J. Hill School of Business and the Richard Ivey School of Business at the University of Western Ontario. This new program option allows Saskatchewan students admission into the Hill-Ivey Scholar program; qualified students begin their first two years of their Ivey HBA degree through the Hill School of Business and complete the final two years at the Ivey School of Business.

Saskatchewan grade 12 students with early conditional admission averages of 90% or higher can apply for this excellent opportunity, and may win one of six $40,000 scholarships for the program.

Business Administration graduates have worked as: accountants, advertising account executives, corporate executives, public employees, entrepreneurs, marketing managers, human resource specialists, investment advisors, stockbrokers, tax consultants.

urbusiness.undergrad@uregina.ca
www.uregina.ca/admin

Arts

Acquiring a Bachelor of Arts degree helps you become a flexible and well-rounded student, developing skills in analysis and critical thinking, research and problem solving, teamwork and communication. In Arts you can major in one subject area while also studying broadly in other disciplines. You can select a double major or a major and minor to focus on, and even greater specialization is available in the BA Honours program.

Looking for work experience to compliment your Bachelor of Arts degree? You can choose to be part of the Co-operative Education program, which helps you gain meaningful work experience, network in the community and get paid! Alternately, you can be part of the Arts Work Experience Internship program, which lets you earn credit for subject-specific work.

Arts graduates have worked as: audiologists, counsellors, economists, editors, forensic psychologists, historians, human rights workers, media analysts, museum curators, parks planners, policy analysts, public relations officers, researchers, translators, writers.

arts.studentservices@uregina.ca
www.uregina.ca/arts

Success
“The faculty members in Petroleum Engineering are excellent and it’s one of the best programs of its kind in Canada.”

Haris Khan
Petroleum Systems Engineering
2nd Year

Additional programs in Education:
- Saskatchewan Urban Native Teacher Education Program (SUNTEP)
- Northern Teacher Education Program (NORTEP)
- Yukon Native Teacher Education Program (YUNTEP)
- Nunavut Teacher Education Program (NATP)

Education graduates have worked as: teachers, curriculum developers, seminar facilitators, daycare directors, educational consultants, community developers.

contactus@uregina.ca
http://education.uregina.ca

Engineering

When you enter the innovative Faculty of Engineering you’ll be joining Western Canada’s pioneer program in systems engineering and co-operative education. Your studies will combine theory and practice, building on a foundation of mathematics and basic sciences, followed by courses in engineering sciences and design. You will gain an understanding in your area of specialization, and also in the ways different areas of engineering work together and create social, environmental and economic impacts. Practical work experience is available through the Co-operative Education program, and alternately you have the option of completing a 12- or 16-month internship during your degree.

Attend “What is Engineering?” in Regina on November 5, 2008, an event put on by the U of R, U of S and the Association of Professional Engineers and Geoscientists of Saskatchewan. It will introduce you to the engineering programs at both universities through interactive presentations and demonstrations. Call 306-585-5090 to register.

Engineering graduates have worked as: electronic systems engineers, software systems engineers, project engineers, water resource managers, waste management engineers, environmental impact assessors, design engineers, drilling engineers, robotic engineers, energy consultants.

engg@uregina.ca
www.uregina.ca/engg

Education

Our nationally renowned Faculty of Education offers you direct entry from high school, transfer, or an after-degree option. In-school developmental teaching experience is a strong focus of the program. You will be in school classrooms during your first year, culminating in a four-month internship in your final year. With small university class sizes and the opportunity to work closely with fellow students and faculty, you’ll make great connections and be fully prepared for your career in education.

The Faculty motto of “Inspiring and Transforming Education” ensures that you will be a catalyst for teaching for a better world. Opportunities including learning at sites off-campus such as the Professional Learning as Community Experience (PLACE) and the Internship Seminar, where you’ll learn with cooperating teachers who will support you through internship, serve to provide a solid foundation for your professional development and will fully prepare you for your first year of teaching.
The people in my faculty are warm, open and very active – that’s what I like best about Kinesiology.

Jason Agar
Kinesiology and Health Studies
(Fitness and Lifestyle/Adapted Physical Activity)
3rd Year

Fine Arts graduates have worked as: visual artists, graphic designers, writers, directors, performers, producers, curators, consultants, critics, conductors, historians, teachers, administrators.
finearts@uregina.ca
www.uregina.ca/finearts

Kinesiology and Health Studies
Kinesiology is the study of human movement. Kinesiology and Health Studies is a dynamic Faculty that offers cutting-edge programs in research, teaching and service, and is constantly evolving to create the most innovative health and wellness programming for you, the student. In this program you’ll actively learn about human development and physiology, physical activity, leadership, communication and the principles of healthy lifestyles.

A mandatory four-month fieldwork placement will give you practical experience and valuable employment contacts for the future. The Bachelor of Kinesiology, Bachelor of Kinesiology Honours and the Bachelor of Health Studies provide excellent preparation for studies in physical therapy, occupational therapy, medicine, chiropractic medicine, nutrition, pharmacy and nursing.

Kinesiology graduates have worked as: disability sport coordinators, exercise therapists, fitness consultants, recreation directors, training and conditioning coaches, sports publicists, health research scientists.
kinesiology@uregina.ca

Innovation
"I feel that becoming a Social Worker will be the best way for me to help people of all ages, from young children to adults."

Leah Donaldson
Social Work
2nd Year

**Science**

A degree in Science goes way beyond atoms and zygotes! Science is all about solving problems, mastering facts and concepts, excelling in investigative research and finding answers to some of the world’s most challenging questions. And be sure to get involved in one of the many active student societies – they’re a great way to meet other students and share in some fun and entertainment as well as educational and networking opportunities.

The Faculty of Science offers you a co-operative education option in Biology, Chemistry, Computer Science, Mathematics and Statistics, and Physics. As well, pre-professional study is available in Chiropractic Medicine, Dentistry, Medicine, Nutrition, Occupational Therapy, Optometry, Pharmacy, Physical Therapy and Veterinary Medicine.

Science graduates have worked as: actuaries, mining geologists, computer hardware designers, environmental impact assessors, wildlife conservationists, oil exploration specialists, nuclear power researchers, chemical technologists, programmers, Internet researchers, computer graphics specialists, meteorologists.

science@uregina.ca
www.uregina.ca/science

**Social Work**

At the U of R in Regina you’ll find Saskatchewan’s only degree in Social Work, also accessible through the Faculty’s Saskatoon campus location. Social Work gives you the opportunity to assist people to improve their social conditions in life, and is a great profession for students interested in helping individuals, families and communities reach their full potentials. We focus our studies on the Saskatchewan context, preparing you for the real world with social work practice, research, education and policy in urban, rural and northern areas.

Your Social Work degree program includes two field practica and is accredited by the Canadian Association of Schools of Social Work, qualifying you for work nationally and internationally.

In partnership with the First Nations University of Canada, we offer degree and certificate programs in Indian Social Work. We also offer a Bachelor of Social Work degree at Yukon College in Whitehorse, YT, and a Certificate of Social Work at Aurora College in Yellowknife, NT.

Social Work graduates have worked as: social workers, community development workers, advocates, child welfare officers, family and marriage counsellors, corrections officers, social researchers, policy analysts.

www.uregina.ca/socwork/
Graduate Studies and Research

The U of R’s Graduate programs engage our students with discovery, professional development, growth and career opportunity. The Faculty of Graduate Studies and Research offers you a wide range of programs and research expertise, including a focus on interdisciplinary studies.

Financial Aid: Graduate Research Awards, Graduate Scholarships, Teaching Assistantships, Teaching Fellowships, Dean’s Scholarship, International Graduate Student Scholarship, Graduate Centennial Merit Scholarship, plus a $4,000 top-up plus a Graduate Scholarship to all holders of federal scholarships such as NSERC, SSHRC or CIHR. For more information please contact grad.funding@uregina.ca grad.studies@uregina.ca www.uregina.ca/gradstudies

Centre for Continuing Education

The Centre for Continuing Education provides you with accessible education and lifelong learning opportunities. Courses and programs are available for adult learners seeking professional and personal development, children and adults pursuing cultural enrichment, international learners, learners in credit and non-credit programs and those pursuing their studies via distance learning.

Available programs and options include:
- Business and Professional Development
- Seniors’ Education Centre
- Summer University
- Weekend University
- Credit Certificate Programs
- English as a Second Language
- Conservatory of Performing Arts
cce@uregina.ca
www.uregina.ca/cce

Distance Learning

Be a U of R student in your community.

Students in most U of R programs can take courses at Saskatchewan regional colleges, SIAST campuses, or from their own home. Distance learning courses are offered using a mix of technologies: online, televised and face-to-face.
offcamp@uregina.ca
www.uregina.ca/cce/offcampus

“World-class researchers, great student supports, and its collegial environment made the U of R an easy choice for my program.”

Let l’Institut français open the doors to “la Francophonie” for you.
Profitez des programmes, services et activités qui vous encouragent à utiliser le français. L’Institut français est la plaque tournante de l’éducation postsecondaire en français à l’Université de Regina. L’Institut élaboré et appuie aussi des projets de recherche se rapportant aux francophones en milieu minoritaire.
Take advantage of programs, services and activities that facilitate and encourage your use of the French language. L’Institut français is the driving force of French post-secondary education at the University of Regina. It also develops and supports research projects dealing with Francophones in minority settings.

Federated Colleges
Our three federated colleges each have distinctive cultural and philosophical heritages. They contribute to the campus by blending their special interests and their student bodies with the programs of the larger University.

Luther College
Luther is renowned for its dynamic instructors, caring community and variety of student services. Experience Luther’s student advantage for yourself.
www.luthercollege.edu

Campion College
Benefit from academic programs and support for students from a 450-year Jesuit tradition of excellence in education.
www.campioncollege.ca

First Nations University of Canada
Take advantage of the opportunity for students of all backgrounds to learn in an environment of First Nations culture and values.
www.firstnationsuniversity.ca

“L’Institut français offers classes, activities, movies, tutoring, and a French atmosphere on campus, which is important for francophone students like me.”
Léa Beaulieu Prpck
Business Administration
2nd Year

“I enrolled through a federated college because I wanted to learn in a community setting, which has allowed me to get involved and get to know my professors, other students, and college staff very easily. The classes are small, and I also get access to additional scholarships.”
Stephanie MacKnight
Luther Arts (International Studies)
4th Year

### Francophone Students

Francophone students may substitute a French language or literature course for one of the English courses, or may present only French language and literature courses in combination with proof of English language proficiency. Students who have completed more than one year at a CEGEP may be eligible for up to one year of transfer credit.

### U of R Admission Requirements*

Applicants to the U of R are expected to meet General Admission Requirements and Specific Faculty/Program Requirements (see chart)

#### General Admission Requirements:
- **Saskatchewan Secondary Level Standing (24 credits) or equivalent**
- A minimum overall average of 65% on courses used for admission. Engineering and the Baccalaureate en Education require 70% on subjects used for admission.
- Students must apply on-line (with a valid credit card number) at www.uregina.ca/admissions.

#### Steps to Successful Admission: How to Apply

Complete the U of R application form and submit it to the Admissions Office along with the $85 non-refundable application fee**. Students can also apply on-line (with a valid credit card number) at www.uregina.ca/admissions. Applications must be submitted directly from your previous institution.

---

*Additional Admission Requirements: Teacher Education Admission Profile

**Fine Arts Additional Admission Requirements: BFA Visual Arts: portfolio; BM: interview, audition, music theory entrance test; BMusEd Teacher Education Admission Profile.
When to Apply*:

**Faculty of Education:** Students with any post-secondary education need to supply the Teacher Education Application and Profile and application fee by December 1. All other supporting documentation must be received by February 1.

Students currently in high school or those students who completed high school only (i.e. no post-secondary education) need to supply the Teacher Education Application and Profile, application fee, and all other supporting documentation by March 15.

**All other Faculties:**

**Fall semester:**
July 1 (application form & fees); August 1 (transcripts)

**Winter semester:**
November 1 (application form & fees); December 1 (transcripts)

Deadlines and Procedures for Early Conditional Admission:

(For high school students who will graduate from grade 12 in June):

1. For most faculties, you can apply at any time during your Grade 12 year until June 15th. For programs in Education, you must apply by March 15.
2. Submit a University of Regina application form, the non-refundable $85 application fee*, an official transcript of your high school grades to date, and a list of the courses that you are taking in Grade 12 (course and level; e.g., English 30), to the address on the form.
3. Arrange for your final and official high school transcript to be submitted to the U of R by August 1.**
   * Subject to change without notice.
   ** We recommend that Saskatchewan students have their transcript submitted electronically by Saskatchewan Learning.
