Meet EMBA Cohort 11

EMBA students typically only get to meet the instructors who teach them directly in the program and thus they reach out to that small group to explore possible advisors for their research capstone project. Cohort 11 students will soon start developing their research ideas for their EMBA capstone project and would benefit from meeting other faculty members who might serve as a fitting advisor for their upcoming projects. Faculty members are invited to consider joining **Gina Grandy** and EMBA Cohort 11 for lunch this week on **Tuesday, June 20th, Wednesday, June 21st or Thursday, June 22nd** to meet the students and share with them their areas of interest so that the students can have a larger pool of advisors from which to select. Lunch is 12:15 – 1:00 p.m. in the faculty lounge (ED 562). If you are able to join us please let **Priya Kaushik** know so we can ensure we have enough food.
