The past year has disrupted many things in both our academic and personal lives, but something that has not changed is the commitment of the University of Regina community to advancing research and sharing knowledge and stories with a world-wide audience.

The Dr. John Archer Library and Archives is again proud to unveil our new Celebration of Authorship booklet, highlighting books and other creative works published in-print or electronically over the past year by faculty, staff, students, retirees, and alumni of the University of Regina and its federated colleges.

Please join me in congratulating all of this year’s authors and creators!

Brett Waytuck
University Librarian
