What’s Next: the Prospective Parent Checklist

If your son or daughter is interested in coming to the U of R, here are five easy steps to help guide their post-secondary journey.

1. Visit Campus!
There are lots of opportunities for you and your prospective student to check out what we have to offer:
- UR Connected! Our comprehensive campus visit program gives you the chance to tour campus, find out about U of R programs and services, meet other students and parents and have a fabulous time.
- Campus Tours: We will arrange a specialized visit or tour of the U of R campus for any size or age of group or special interest.

To find out more go to www.uregina.ca/newstudent/oncampus.html, call toll free 1-800-644-4756 or email campus.visit@uregina.ca.

2. Apply!
Your son or daughter can apply to the U of R anytime during his or her grade 12 year. Deadlines for Fall 2007 are June 15, 2007 for early conditional applicants and July 1, 2007 for all others. Official high school transcripts must be submitted by August 1, 2007.

Online application is now available at www.uregina.ca/admissions/. Students must meet U of R general admission requirements, as well as specific faculty or program requirements. Visit www.uregina.ca/admissions/undergraduate/category/index.shtml for a detailed listing of admission requirements.

3. UR Ready Workshops!
Once your child has applied and been conditionally admitted, you can both check out the UR Ready workshop nearest you. These workshops help with all the essentials of being a U of R student, from academics to involvement to important on-campus services. They’re held during April and May in locations around the province, in Regina high schools, and on campus. For information visit www.uregina.ca/newstudent/urready.html.

4. Academic Advising and Registering for Classes!
Next, your child must meet with an advisor in his or her faculty or federated college. The advisor will help your son or daughter pick classes and explain academic policies and regulations. Academic advising is mandatory for first-year students, but in most cases phone or email advising is available for those who are unable to come to campus.

5. Orientation!
Orientation is the best way for you and your child to become familiar with the U of R before classes start. You’ll tour campus, enjoy a great information session, and meet the friendly faculty and staff. Meanwhile, your son or daughter has the opportunity to find out more about his or her program, go on a campus tour, and meet other students in the same faculty. To register or find out more visit www.uregina.ca/sdc/orientation/.

Grow
The University of Regina provides a dynamic, innovative and supportive learning experience with a growing national reputation for excellence in teaching and research. We prepare our students to excel in the local and global communities. Our research opportunities attract the best and brightest minds and our comprehensive services ensure student success. We are located in a striking natural setting which is energized by our students, faculty and staff. What an exciting place to be a student!

**U of R Highlights**

**The Facts**

We have approximately 12,700 students. At the 2006 spring convocation 1,497 degrees, certificates, and diplomas were conferred. Our 1,200 staff and faculty members work together to create a great student experience. Construction on the Centre for Kinesiology, Health and Sport, as well as the North and South Residences was completed in 2004, and we are excited to unveil a $30 million addition to the Laboratory Building in the spring of 2007.

**Scholarships and Bursaries**

More than 2,000 scholarships at a value of $2.9 million are awarded annually. For entering students, the Centennial Merit and Centennial Merit Plus scholarships guarantee $2,000 or $3,000 for students with averages over 93 per cent. In addition we offer faculty-specific scholarships and scholarships for rural students, varsity athletes, IB and accelerated students, Aboriginal students, federated college students, Distance Learning students and transfer students, among many others.

**Unique Programs**

Arts Education, Police Studies, and Human Justice are unique to Canada. Journalism and Film and Video Studies are unique to the Canadian Prairies. Unique to Saskatchewan are Social Work, Medical Imaging, Chemical Technology, Environmental Biology, and Athletic Therapy.

**Work Experience**

Almost all our programs include a work experience component – it’s an important part of a comprehensive learning experience. Co-operative Education, which lets students alternate semesters of classes and paid work terms, is offered in Arts, Business Administration, Chemistry and Biochemistry, Computer Science, Engineering, Mathematics and Statistics, and Physics. Most other programs include either fieldwork placements, practicums, internships, or professional placement opportunities.

**Living on Campus**

We have four residences on campus that house over 1,200 students. Whether your child prefers a dorm or an apartment, cooking on his or her own or getting a meal plan, or living alone or with others, we have many different options. Living on campus is a perfect way for your student to get the full U of R student experience – it offers them independence, convenience, and friendship in a vibrant, multicultural setting.

**Getting Involved**

From sports to music, from theatre to student government, there are many ways of getting involved to suit every student’s interest.

**Undergraduate Programs**

- Arts • Business Administration • Education • Engineering • Fine Arts
- Kinesiology and Health Studies • Science • Social Work
- Pre-professional programs in: Agriculture, Dentistry, Law, Medicine, Pharmacy, Nutrition, Veterinary Medicine, Physical Therapy, Optometry, Occupational Therapy, and Chiropractic Medicine.

**Learning Opportunities for You**

Would you like to be a U of R student as well? There are many opportunities for you to take advantage of, including:

- **Centre for Continuing Education** - strives to fulfill the commitment of the University of Regina to respond to the needs of lifelong learners by offering programs such as Business and Professional Development and Distance Learning [www.uregina.ca/cce/](http://www.uregina.ca/cce/)
- **Graduate Studies and Research** - embraces numerous departments and institutes and offers an impressive range of programs [www.uregina.ca/gradstudies/](http://www.uregina.ca/gradstudies/)

**Dr. Craig Chamberlin, Dean of Kinesiology & Health Studies**

Erin Chamberlin,
Business Administration (Marketing) 1st Year

**Erin Chamberlin,**
Business Administration (Marketing) 1st Year

I think students should get involved and open themselves up to new ideas, new people, and new experiences – that’s the advice I give my daughter.
