Examination Locations and Invigilation

Midterm examinations

If you require assistance with invigilation/supervision for your students, either because specific students require separate space, or your classroom is very crowded, we may be able to enlist the help of one of our Graduate student T.As to help. In addition, if there is need to book a separate or different space for midterm examinations, we can try to assist with that as well. Please contact **Maureen Lancaster** for further information.

Final examinations

Marilyn Staseson coordinates exam space and invigilation for students requiring accommodations for final exams only. If you have provided Marilyn (or Glenys) with a copy of your signed accommodation letter(s), the appropriate arrangements will be made automatically. If you require additional changes related to final examinations (extra invigilation, larger space), then these arrangements should be coordinated with the assistance of **Maureen Lancaster**.

Please understand that we will do our best but there is **no guarantee** that we can make all of the adjustments you desire.

If you have questions about any of these items, please contact **Glenys Sylvestre** to discuss.

USB Capability

The large multi use copier devices in the Faculty have now been updated to include the capability to scan to USBs.
