Greg to follow up with STEP for delivery of course.</p>

<b>AGENDA ITEM #2: Minors</b>	<b>Follow up action</b>
<p>Due to concerns about the pressures that implementation of minors would put on the faculty through its impact on demand for business courses, the committee decided to defer consideration of this issue until the faculty's budget situation is known.</p>	

<b>AGENDA ITEM #3: Credit for Coop</b>	<b>Follow up action</b>
<p>Morina reported that it may not be possible to give academic credit for coop work terms without causing students to pay tuition for those hours above and beyond the coop fee. This would cause a coop workterm's cost to approach \$1000. The committee agreed it would be useful to get coop student views about this.</p>	<p>Glenys will work with the coop office obtain the student perspective.</p>

<b>Next meeting</b>	<b>Follow up action</b>
