## POE Update from the Dean

Last week we hosted our 7th annual Prince's Operation Entrepreneur “boot camp”. On Saturday evening 19 participants graduated from our POE program. The graduates talked about the richness of their experiences and the valuable networks they created throughout the week.

I want to thank and congratulate everyone who generously gave of their time to make this year's program such a success. This is an enormous undertaking and everyone involved volunteers their time. I would like express a special thank you to **Syed Kamal**, the Enactus POE Project Lead, and **Bruce Anderson**, the Faculty Lead, for their leadership and commitment. I would also like to thank the other faculty members who gave of their time to deliver sessions along with Bruce throughout the week - **Lisa Watson, Brian Schumacher, Randy Linton, Wally Lockhart, Nola Joorisity, Lee Elliott, and Peter Moroz**. Two alumni also delivered sessions: **Linden Wilcock** and **Dani Anderson** and a former exchange student: **Evelyn Cerda**. This is an Enactus student-led event and a large number of the Enactus student group, along with support from the BSS and JDC West groups, work tirelessly behind the scenes and ‘on the stage’ to make POE a seamless operation - thank you all for all of your work and leadership. In addition, not only do our community partners give of their time to provide mentorship to participants, they also give financially to support this program - thank you. **Senator Pamela Wallin** deserves a special call out - she was on site from Day 1 and throughout the entire week. We are very grateful for her continued support. POE participants were touched that she would give of her time in this way for them and they expressed how incredibly appreciative they were for her support. This program is a demonstration of your commitment to the University's motto ‘as one who serves’. Colleagues, please be sure to congratulate our students and faculty on another successful POE program.
