JDC West Takes First Place!

The Paul J. Hill School of Business JDC West team put in a stellar performance at the JDC West Competition this weekend in Edmonton, finishing 1st overall and winning the School of the Year award! This is the fifth year in a row that the Hill School has placed in the top 3. This year UBC came second and University of Calgary came third. Faculty coach, **Chris Street**, observed that "our business team was made up of 13 individual teams and it was the strong, consistent performance of each student that led to our 1st overall finish." Several of our individual teams placed in the top three: 1st in Marketing, 2nd in Strategy, 2nd in MIS, 2nd in Sport, 2nd in Participation, 3rd in Finance. Congratulations to all! Please mark your calendar to join us for a celebration of the teams' efforts on Tuesday, January 17 at 11:00 a.m. in ED 514.

Featured Article

Aldene Meis Mason and **Bob Anderson** were among the researchers featured in a new University publication, *Innovating Life: Creating a Better World Through Research*. This book, edited by Dave Malloy (AVP Research) and published by CPRC Press, presents 16 examples of research at the University of Regina that has "a lasting effect on communities in Saskatchewan and beyond our borders." In the Inuit Caribou Case, Aldene and Bob explore with Inuit leaders how caribou could be commercialized and used in culturally appropriate ways.

The book is part of the University's 100th anniversary year and its government and industry communication strategy aimed at raising the profile of the University's research. The book will be featured at an event in February 2012 to celebrate the University's 2011-2012 research publications.
