Letter of Transmittal

To: The Honourable Dustin Duncan Minister of Health

Dear Minister Duncan:

On behalf of the Regina Qu'Appelle Regional Health Authority I am pleased to submit our 2013 - 2014 Annual Report which includes the audited financial statements and outlines activities and accomplishments of the region for the year ending March 31, 2014.

The Regina Qu'Appelle Health Region has had many successes and challenges this past year. At the top of the list of successes is achieving our surgical volumes. In addition, our year-end financial results were close to being balanced after beginning the year with a substantial fiscal challenge. We recognize there is more work to do to meet our goals as an organization and to achieve our provincial priorities.

We believe we have a strong foundation in place to achieve our targets within the multi-year outcome timeframes which are aligned with the Ministry of Health and our provincial colleagues.

The successes we have achieved as a region this year were due to the dedication and commitment of employees and physicians of the Regina Qu'Appelle Health Region and our many partners, including the patients and families we serve and the direction they provided to help enhance patient-centred care.

Respectfully submitted,

Lloyd Boutilier Chairperson

Regina Qu'Appelle Regional Health Authority

Introduction

The Regina Qu'Appelle Health Region (RQHR) is a provincial and community provider of a full range of safe, quality health services, education and research. The 2013-14 Annual Report to the Minister of Health demonstrates the RQHR's progress toward meeting its strategic priorities, highlighting the activities and results for the fiscal year ending March 31, 2014.

In addition to detailing the region's performance, this report outlines how the region aligns with the Ministry of Health's strategic and operational directions; includes a compendium of its key partners; provides a report from management endorsing the financial representations; gives a financial overview and audited financial statements; and includes appendices, such as the organizational chart, facilities list and payee list.

The region is responsible for the preparation of this report and is confident in the reliability of the information provided. The report is completed with the input and oversight of each regional portfolio. Any interpretation of content reflects the best judgment of the reporting unit's leaders.

The region selects performance indicators which will help measure its progress towards achieving its strategic priorities. Financial statements are audited by the Office of the Provincial

Auditor prior to publication, in compliance with Canadian Generally Accepted Auditing Standards. The auditor ensures the financial information is adequately reproduced and consistent.

This report provides an opportunity to assess the region's accomplishments, results and lessons learned in 2013-14.

Regina Qu'Appelle Health Region

Regina Qu'Appelle Health Region

Accomplishments

The annual report provides an opportunity to showcase some of the many accomplishments achieved by the region and its employees and physicians.

2013-14 was marked by high points which saw the launch of new initiatives and programs in support of improving the client experience, as well as recognition of the efforts of staff and physicians in improving the community, patient care and overall patient experience. Here are some examples:

- The RQHR made significant progress in reducing its projected 2013-14 deficit and is working towards a balanced budget for 2014-15. The RQHR has made significant progress in reducing its budgeted deficit during the past year, from \$15 million at the beginning of 2013-14 to \$1.58
 - million by the end of March 2014. Significant credit goes to our staff and physicians who have worked to improve quality and safety and patient flow and through their diligent daily management of our resources.
- Unit 3-2 at the Wascana Rehabilitation Centre decreased their time-loss injuries by 47 per cent in 2013 and decreased their overall injury frequency by 50 per cent over the last fiscal year. Unit 3-2 participated in a pilot project as part of the RQHR's Injury Reduction Strategy. [see photo 1]

Mike Higgins, Vice President of Human Resources and Communications, presents Marie Legault-Lalonde, Unit 3-2 Manager and her staff with a safety achievement certificate.

Photo #

- The RQHR has achieved a 29 per cent reduction in workplace injuries over the last two fiscal years. 2013-14 saw a 19.2 per cent reduction alone.
- Pioneer Village's Unit 2E injury claims dropped from 128 in 2008, to 76 in 2009, to 36 in 2012, and under 30 in 2013. One lost-time injury was attributed to unit 2E in 2012 and as of February 2014, the unit has been injury free for over a year.
- Residents in Regina's inner-city neighbourhoods have improved access to every day health care, thanks to the opening of the Meadow Primary Health Care Centre on July 2, 2013, which provides after-hours care and links to other health services available to clients. [see photo 2]
- The Early Years Family Centre at the Gathering Place in Regina opened in April 2013, of which the RQHR is a partner. The centre seeks to improve health outcomes in children up to six years old.

From left to right: Regina Qu'Appelle Health Region
President and CEO Keith Dewar, Health Minister Dustin
Duncan, and Dr. Rob Horner at the Grand Opening of the
Meadow Primary Health Care Centre.

Photo #2

- A Park and Ride service for staff at the Regina General Hospital was implemented in 2013. This improved parking options for employees as well as improved congestion around the hospital, leaving more parking spaces open for patients, visitors and residents of the area.
- There has been a 22 per cent reduction in hospital occupancy at the Regina General Hospital and a 10 per cent reduction at the Pasqua Hospital when comparing the timeframes of November 2013 - January 2014 to November 2012 - January 2013.
- The RQHR's Clinical Psychology Pre-Doctoral Residency program successfully graduated its first two Forensic Psychology residents in 2013.
- Admit no bed numbers at both the Regina General Hospital and the Pasqua Hospital have been reduced significantly last year in comparison to years before.
- In December 2013, the rooftop heliport official opening took place at the Regina General Hospital. It is Saskatchewan's first rooftop heliport, which allows access for helicopter landings, which saves precious minutes for those with critical care needs. [see photo 3]
- The region performed 14 per cent more surgeries than the previous fiscal year. Cancer wait times were also improved.
- The region's surgical service line implemented operating room workplace assessment recommendations, the Long Waiter policy, and implemented safety strategies which included the hand washing campaign, falls prevention program, and a surgical site infections and surgical safety checklist.

 Social Media is an important communications tool that helps the region connect with its clients. The region's social media includes Facebook, Twitter, and a YouTube channel. From April 1, 2013 to March 31, 2014 the region had an increase of 814 likes on its Facebook page (increase of 668 per cent from 124 to 938). The biggest increase in followers occurred during influenza season in December and January. In January 2014, the region joined Twitter, which was an integral part of the

communications strategy for the H1N1 outbreak and influenza immunization campaign which allowed the region to get flu information and clinic schedules out to the public in a timely manner.

Lean Accomplishments

Lean has provided the methodology and tools for continuous improvement.

Lean events improve processes and eliminate waste so that every patient served receives reliable, safe and timely care. Patients are already waiting less time for services and experiencing better care.

Examples include:

- The X-ray wait times in the Regina General Hospital were reduced by 75 per cent in the summer of 2013, thanks to a Rapid Process Improvement Workshop (RPIW). Prior to the RPIW, the time from when an X-ray was ordered until it was received back in the Emergency Department was, on average, one hour and 17 minutes. The RPIW lowered that time to only 17 minutes. [see photo 5]
- There are now no more client waits for placement in the outpatient treatment program at the Recovery

 Support Program, formerly the Inpatient Mental Health Day Hospital. The four-week program provides clients with the treatment, care and support they need to manage their illnesses and avoid re-admission to hospital. Prior to the improvement project, patients waited between two and three weeks to attend the program; 13 patients were on the wait list. As a result of the project, the program now offers groups that run concurrently which has eliminated the patient wait. Patient input resulted in the program changing its name from the Inpatient Mental
 - Health Day Program to the Recovery Support Program to better reflect patients' mental health recovery journey.
- There are shorter waits for mental health patients to see a psychiatrist. The work of an improvement project initially reduced the number of Mental Health Clinic patients waiting from 154 to zero. The number of patients waiting has since crept up to 94 as of March 31, 2014 because of unexpected physician scheduling issues and increased demand for psychiatry services. These are currently being addressed through the hiring of a locum; recruitment is ongoing. [see photo 6]

Bonnie Cameron, Manager of the Regina General Hospital's Medical Imaging Department, discusses the daily visual management board with Eileen Moore, a patient participant, and Mike Prokopetz, a Radiology Technician.

Photo credit: Medical Media Services.

Photo #

Karen Muller, a registered psychiatric nurse, with patient Aalt Leusiuk. Photo Credit: Medical Media Services. Photo #6

- There has been a great reduction in the number of cancelled and rescheduled appointments initiated by the Mental Health Clinic. Prior to an improvement project, the clinic cancelled or rescheduled 31 per cent of its client appointments. Through the work of an improvement
 - project team, this number has been reduced to 2.7 per cent as of March 2014. At the same time, the number of available patient appointments per day has risen from 12 to 28 as of the end of the fiscal year. [see photo 7]
- There is now an easier, shorter admission process for social detox clients. Clients are no longer required to see a general practitioner prior to being admitted to social detox. Standard work has been developed so that an emergency medical technician now assesses clients when they arrive at the clinic. Should they require physician care, the clinic has arranged to have a daily standing appointment at Meadow Primary Health Care

RPIW projects help engage patients in care plans. Photo Credit: Medical Media Services. Photo #7

- Centre. Additionally, a physician comes to the detox centre twice weekly.
- There are no more X-ray patients waiting alone at the Regina General Hospital. Prior to this RPIW, patients requiring X-rays were brought to the hallway outside of the Radiology Department where they would wait, unattended, until their tests. They had no access to a call button to summon staff and there was potential for injury, such as falls. As a result of the RPIW, porters now bring patients directly to radiology staff.
- There are 226 nursing units and departments with established visibility walls. Visibility walls are an essential element of daily management, providing a permanent location for staff to easily view unit and organizational data. Seven hundred and seventeen staff members have taken part in daily visual management training sessions with the intent of taking the information learned back to their work areas where they will help establish visual daily management practices. Most of the units with visibility walls have begun daily or weekly huddles while the remainder plan to do so shortly. Huddles bring staff together daily, or weekly, to keep them up to date on the activities of their work area and enable them to raise and address issues as they occur.

The Board of Directors (RQRHA) Visibility Wall.

Photo credit: Medical Media Services.

In 2013-14, patient participants -- three dozen in all -- took part in each of RQHR's RPIWs.
Patient participation and feedback in the region's Lean processes is essential to the success
of our continuous improvement work. Through their participation, waste is eliminated and
processes improved through their eyes. Those involved have said they appreciated being part
of the experience.

"It's up to all of us to produce a good health system," says Jim Dean who has participated as a patient representative on Lean improvement projects. "Working together in this way, the public, region and the government will overcome the long waits for surgical care and provide a much improved service."

The RQHR's dedicated Lean website, www.rqhrlean.com, grew to become
the region's one-stop shop for Lean information, receiving inquiries about
Lean employment opportunities and from other health care providers
interested in implementing Lean from around the world.

Working Together Towards The Future

Setting the Strategic Direction

The region's vision, mission and values set a clear direction for our organization and for those who work within it.

Vision

Healthy people, families and communities.

Mission

The RQHR is a provincial and community provider of a full range of safe, quality health services, education and research that inspires public confidence. We achieve success in meeting the diverse health needs of our communities through the strength of our people, partnerships and personal responsibility for health.

Values

Together we succeed through...

Compassion: Our caring approach to people, families and communities.

Respect: Honesty, trust and valuing diversity, as well as similarity, will guide all relationships, decisions and actions.

Collaboration: Relationships built upon a shared vision, open communication, involvement and genuine recognition of people's and partners' contributions.

Knowledge: Continuous improvement and effective decision making based on the pursuit of knowledge, evidence, standards of practice and sound ethics.

Stewardship: Accountability for the people and resources entrusted to us, and the courage to do what is right.

Working Together Towards The Future (cont'd...)

The RQHR is committed to delivering health services from the patient's perspective.

We are a key partner in the provincial strategic planning (Hoshin Kanri) process that works in collaboration with the Ministry of Health, the Saskatchewan Cancer Agency, 3sHealth, eHealth and the 12 other provincial health regions. Acting as a key partner in a single, integrated, Saskatchewan health system is fundamental to our success.

Our multi-year strategic plan aligns with the provincial strategies of **Better Health**, **Better Care**, **Better Value** and **Better Teams** as well as the Saskatchewan Plan for Growth and is built upon the guiding principles of balanced growth and "thinking and acting as one system." It directs our efforts and provides clear focus as we work towards achieving our Vision of "Healthy People, Families and Communities" and improving access, quality and safety for the people we serve.

The plan addresses gaps and opportunities in the following areas:

- 1. Addressing immediate and longer term needs and requirements of our region and the people we serve.
- 2. Foundational work that will enable us to accomplish our goals and the provincial health system strategies.
- 3. "Thinking and acting as one system": linking with the work of the Ministry of Health, the provincial health system and Regional Health Authorities, 3sHealth, eHealth and other partners.

Working Together Towards The Future (cont'd...)

To support the delivery of our multi-year strategic plan goals, we have developed a robust strategic planning cycle for our organization that will guide strategic planning within the region. This planning cycle ensures that every level of our organization from the Regional Health Authority through to frontline managers are engaged and embedded in the planning process and have a clear understanding of what they are required to do to support regional and health system goals and ensure those we serve receive the best possible healthcare experience.

Accountability

Considerable effort is put into working with the Ministry, other health partners and within the RQHR to ensure we are measuring and reporting on progress on a regular basis. A reporting cycle has been developed to ensure we are monitoring progress and as a means of updating the organization and stakeholders, including the public, on a regular basis. The Annual Legislative Report corresponds with the fourth quarter, or year-end report on strategies.

The RQHR's Senior Leadership Team reports regularly on the progress of the multi-year strategic plan and one-year business plan. This includes a quarterly report on strategies, which has the corresponding quarterly CEO updates, and twice monthly Senior Leadership Team reports on business plan progress, which takes place in the form of a corporate visibility wall walk at the Regina General Hospital.

These activities are supported by a communications plan to ensure transparency to the organization and our stakeholders.

Who We Are

The Regina Qu'Appelle Regional Health Authority was created in 2002 with the proclamation of *The Regional Health Services Act*. It is one of 13 regional health authorities in the province. The health authorities receive most of their funding from the Saskatchewan Ministry of Health and provide the majority of health services in the province.

For most purposes, the organization uses the operating name Regina Qu'Appelle Health Region (RQHR) and refers to the governing board as the Regina Qu'Appelle Regional Health Authority (RQRHA). Each year, the Ministry of Health provides each region with an accountability document that sets out the Ministry's expectations for the funding it provides. It contains high-level organizational (governance and directional) expectations and program-specific expectations for the regions. The document is also intended to clarify Saskatchewan Health's organizational, program and service expectations of each region.

As a vital partner with the provincial government and the Ministry of Health, the RQHR is the major health care referral centre for southern Saskatchewan. While the region has a covered population of 280,136¹, it serves approximately half a million people as a tertiary health care provider. The region's population has grown by 8,633 since last fiscal year. Approximately 30 per cent of those who receive day surgery or inpatient hospital services live outside of the region's geographic boundaries.

The RQHR has approximately 7,754.6 full-time equivalent (FTE) positions, a further 971.21 affiliate FTEs, and employs 19 of the region's approximately 625 physicians who have practising privileges. These staff and physicians are supported by more than 1,000 volunteers, and together they provide health care services throughout the region.

RQHR Staff (full-time equivalents)			
	2011-2012	2012-2013	2013-2014
Nursing	2,464.20	2,610.35	2,621.76
Physicians employed by RQHR	23.81	21.71	20.75
Professional	791.09	828.25	778.26
Support Staff	3,302.71	3,395.66	3,425.62
Technical	484.43	499.39	511.11
Management*	351.84	366.18	397.10
Total	7,472.29	7,721.54	7,754.60

^{*} Note: Approximately 20 of the 30.92 out-of-scope (OOS) Management Full-Time Equivalents (FTEs) were re-classifications from the OOS professional category. The re-classifications were due in part to the SAHO-3sHealth OOS Job Standardization Project that took effect in May 2013.

¹ The Government of Saskatchewan, Ministry of Health Covered Population 2013. http://population.health.gov.sk.ca/rhalist.htm

Affiliate Staff (full-time equivalents)			
	2011-2012	2012-2013	2013-2014
Nursing	162.16	163.93	162.04
Professional	24.76	24.76	23.76
Support Staff	760.20	766.52	750.68
Management	34.73	34.73	34.73
Total	981.85	989.94	971.21

Services

The RQHR offers a comprehensive range of services in the areas of hospital, emergency, rehabilitation, community, mental health, long-term and continuing care, home care, immunization and primary health care services. These services are delivered in two tertiary care hospitals and a specialized provincial rehabilitation centre in Regina, along with six other acute care facilities (located in Balcarres, Moosomin, Indian Head, Wolseley, Broadview and Fort Qu'Appelle). There are 31 region-owned facilities and 11 affiliated long-term care facilities, seven primary health care sites, as well as several public health sites, community health centres, independent physician offices and private residences. For a list of urban, rural and affiliate facilities, please see Appendix B on page 96.

Many of the facilities are owned and operated by the region, but the RQHR also works in partnership with affiliate health care organizations (see page 20).

Hospital Care Utilization			
	2011-2012	2012-2013	2013-2014
Admissions	34,549	35,281	36,595
Average daily census	655.6	645.7	650.67
Average length of stay (days)	7.0	6.7	6.3
Births/newborn admissions	3,954	4,087	4,234
Emergency visits	108,900	110,000	107,033
Radiology procedures	116,755	111,065	112,164
Ultrasound procedures	30,560	30,705	29,995
Mammography procedures	6,925	7,728	7,819
Interventional procedures	11,567	11,016	11,252
MRI procedures	13,676	16,372	16,630
CT procedures	80,505	114,312	118,526
Nuclear medicine procedures	8,586	10,378	12,329
Bone mineral densitometry procedures	4,185	4,380	4,262

Acute Care Surgery			
	2011-2012	2012-2013	2013-2014
In-patient surgery	10,665	10,754	11,904
Outpatient surgery – operating room	12,109	12,478	14,711
	22,774	23,232	26,615

Laboratory Services			
	2011-2012	2012-2013	2013-2014
Clinical Laboratory - Orders placed	1,089,540	1,111,836	1,137,580
Clinical Laboratory -Tests performed	3,662,535	3,783,155	3,952,096
Surgical Pathology, Hematopathology and Autopsy - Case count	44,171	45,917	43,670
Cytopathology - Case count	71,053	60,148	58,495

Home Care Service Hours			
	2011-2012	2012-2013	2013-2014
Number of units*	334,791	361,498	357,718

^{*} A unit is an hour of service or one meal served via Meals on Wheels. Service hours include nursing, home services, Meals on Wheels, therapies (physical, occupational and social work), volunteers and community support.

Regina Emergency Medical Services (EMS)			
	2011-2012	2012-2013	2013-2014
Rural responses	745	886	783
Out-of-region	101	101	90
Inter-facility	3,264	3,557	3,891
Urban responses	14,222	14,579	14,214
No-transport calls	5,432	5,747	5,833
Total calls	23,764	24,870	24,811

Regina EMS was 89 per cent compliant in responding to emergency situations in under 8:59 minutes in 2013-14. The national standard for major urban centres is a compliance rate of 90 per cent.

Academics and Research

One of the region's roles is to serve as an academic and research centre for health care learners. The role of the Regina Qu'Appelle Health Region (RQHR) as an academic and research centre evolved and expanded in 2013-14. Of note was the increase in the number of under and post graduate medical learners (see below) who either rotated or permanently made their home at the University of Saskatchewan, College of Medicine's Regina Campus (based at the Regina General Hospital). Feedback from these medical learners is sought frequently and comments

Photo credit: Medical Media Services.

like the 'more intimate connection with smaller class sizes' and 'more hands-on participation' reinforces the benefits of the Regina campus experience. The past year also saw 18 University of Saskatchewan, College of Medicine graduates join the RQHR medical practitioner community.

	Actual			Proje	cted	
Medical Learners	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Junior Undergraduate Rotating Student Internship/Clerks	29	27	35	39	40	40
3rd Year	12	20	24	28	38	38
2nd Year		12	17	38	38	40
Family Medicine Residents	25	29	30	29	26	26
Geographically Based Residents (Obstetrics/Gynecology, Psychiatry, Internal Medicine, Emergency Room)	14	18	31	22	27	30
Rotating	195	225	259	298	300	300
Total	275	331	396	455	473	488

A recent provincial mapping project identified that Saskatchewan is on track to have 5.2 per cent more nursing student preceptor placements (RQHR 2013 = 245) and 33.5 per cent more group placements (RQHR 2013 = 230) in the current year. This identifies the increasing number of students from the province's nursing programs (Registered Nurse, Practical Nurse, Psychiatric Nursing, Continuing Care Assistant and Nurse Practitioner) who also learn and participate in patient care within the RQHR.

Finally, the RQHR was home to up to 70 learners per month from a variety of other professions (Pharmacy, Physiotherapy, Respiratory Therapy, etc.) who studied within the region on a full-time basis.

Expanding the number and quality of Inter-Professional Based Learning (IPBL) opportunities available for Regina-based learners continues to be a goal of those supporting academic

health sciences. In 2013-14 approximately 300 students from a variety of academic programs (social work, medical laboratory technologist, psychology, paramedic, medicine and nursing) participated in two IPBL opportunities. These IPBL sessions are very difficult to schedule into learner curriculums but are known to enhance the educational experience and provide participants with further insight into the roles and scope of practice of other members of the health care team.

The popularity of the Dilawri Simulation Centre, as a venue for both health science learners and practitioners to hone their skills in a safe and interactive setting, grew again in 2013-14. Users and faculty of the Centre continue to express their support of simulation tools to improve learning retention in a fun, safe and engaging environment. The Centre managed 2,625 participants (345 bookings with over 700 facilitators) from academic and clinical settings in the past year. A few highlights of the year included the annual RQHR nursing staff education days and voluntary after-hours sessions where medical learners worked to perfect their critical care skills. There was also a continued and growing interest in faculty development and in the past year 80 physicians,

staff and other health care partners participated in basic and advanced education in the delivery of simulation based education.

In 2013-2014, 103 new studies were approved by the RQHR Research Ethics Board. Since many studies require more than one year to complete, the region was actively involved in 218 studies during the 2013-2014 fiscal year, representing 47 specialty areas.

Building better teams and providing better care continues to be the goal of those involved in academics and research within the RQHR.

Photo courtesy of the Dilawri Simulation Centre staff.

Client Representative Services

The RQHR encourages clients who have concerns to speak directly with those involved in their care, such as their doctor, nurse or other health care professional, or the appropriate supervisor or manager, for timely resolution of their concerns at the point of service.

If clients believe that their concerns are not resolved to their satisfaction, they can contact the region's Client Representative Services. A client representative will listen to their concerns, ensure that the concerns are reviewed with region staff and physicians involved, and will provide clients with a coordinated response.

The region continues to promote Client Representative Services through brochures available at registration/admission desks, in all clinical/program areas and more visible access on the Internet site at www.rqhealth.ca.

To contact the client representative service, call 1-866-411-7272 outside of Regina and 306-766-3232 for Regina residents. You can also contact them via email at **clientrep@rqhealth.ca**.

Client² Service Commitment

"We will provide safe, quality, respectful service in a welcoming environment."

We will achieve our commitment through...

A welcoming approach:

- Be considerate, respectful and courteous at all times.
- Listen to truly understand what is important.

Working together:

- Work in partnership to ensure service is coordinated, communicated and understood.
- Share timely, accurate and relevant information with clients and the service team to make the best decisions regarding service options.

Quality service:

Provide service in a timely, skilled and safe manner appropriate to client needs.

Continuous learning:

 Invite clients to share their service experience in order to guide our learning and enhance our practice.

² Client may refer to: a) clients, patients, residents and their immediate support systems (those important to them); or b) an internal client within the organization, such as another department.

Emerging Health Issues

The RQHR is committed to addressing the emerging needs of our region and will continue to deal with common risk factors associated with infections and chronic diseases among our residents.

- There continues to be significant opportunity to strengthen primary health care service to:
 - Meet the needs of our aging population with increasingly complex health needs including growing chronic disease management requirements.
 - Support RQHR goals related to waits in emergency and acute care flow.
- Falls are an ongoing issue which continues to grow. The RQHR expects the number of
 people who experience falls to increase as baby boomers age and live longer than previous
 generations. The region has implemented a falls prevention strategy to deal with the issue.
- Provincially, rates are higher than the national average for adolescent pregnancy. Between 2006 and 2010, the average adolescent pregnancy rate in Saskatchewan ranged from 0.8 per 1,000 for 10 to 14 year olds to 64.2 per 1,000 for 19 year olds. Between 2005 and 2010 the average adolescent pregnancy rate for 15 to 19 year olds in Saskatchewan was 45.9 per 1,000, compared to 29.3 for Canada. Looking across the province, the adolescent pregnancy rates increase from south to north, ranging from 29.2 per 1,000 women aged 15 to 19 in the south to 129.5 in the north. The rate for the three most northern health region/authorities is 126.4 per cent higher than the rate for the southern-most health regions.³

Key Partners

The Regina Qu'Appelle Health Region works closely with a number of affiliated agencies and other health care organizations in providing services and programs to residents of the RQHR and the province.

An affiliate, as defined by *The Regional Health Services Act*, is an operator (other than the region) of a hospital or a not-for-profit special care home. A health care organization, as defined by the *Act*, is an affiliate, or an organization prescribed in regulation, that receives funding from a regional health authority to provide a health service.

The RQHR also works closely with the Ministry of Health, the Saskatchewan Cancer Agency, 3sHealth, eHealth and the 12 other health regions. Please see Appendix C for the 3sHealth shared services report.

Regina Qu'Appelle Health Region Contracted Private Facilities

Name of Private Facility	Service Provided	Relationship and Accountability to RQHR
Radiology Associates of Regina Medical PC Incorporated	CT scanner.	Contracted to provide CT scanning exams for RQHR outpatients.
Aspen Medical Surgery Inc.	Day Surgery (orthopedic and general surgery procedures).	Contractual agreement outlining obligations and service provision. Operator governed by the Canada Health Act, The Health Facilities Licensing Act (Saskatchewan) and The Regional Health Services Act (Saskatchewan). Numerous reporting requirements including weekly procedure reports and utilization; monthly complications reports; quarterly patient satisfaction reports; semi-annual volume of insured services; annual financial reports.
Regina Surgical Centre	Day Surgery (orthopedic, ear, nose and throat surgeries, dental procedures, plastic surgeries and cataracts.	Contractual agreement outlining obligations and service provision. Operator governed by the Canada Health Act, The Health Facilities Licensing Act (Saskatchewan) and The Regional Health Services Act (Saskatchewan). Numerous reporting requirements including weekly procedure reports and utilization; monthly complications reports; quarterly patient satisfaction reports; semi-annual volume of insured services; annual financial reports.

Name of Private Facility	Service Provided	Relationship and Accountability to RQHR
Gamma-Dynacare	Specimen Collection, Transport	Relationship:
Medical Laboratories	and Report Distribution.	To operate Patient Service Centres (PSC) to provide community laboratory services of the following type:
		Leasing, operating, and maintaining required numbers and locations of PSC
		Providing on-site phlebotomy, accessioning, and specimen preparation services
		Mobile phlebotomy services
		Transportation services for specimens, reports, blood products, other supplies, etc. between specified locations
		Report distribution
		Accountability:
		To provide the Services to the RQHR in accordance with and subject to the terms and conditions contained in the Agreement; and, in relation to the provision of Services to work in a collaborative way towards achieving the goal of health improvement in the Health Region and its referral areas.

Regina Qu'Appelle Health Region Affiliates

Name of Affiliate	Service Provided	Relationship and Accountability to RQHR
Raymore Community Health & Social Centre	Part-time clinic, visiting physicians, visiting nurse practitioner, other visiting professionals.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, quarterly statistical reporting.
Extendicare (Canada) Inc. (Elmview, Parkside, Sunset)	Parkside Heavy care long-term care, Transition Unit. Elmview Heavy care long-term care, Quick Response Unit.	Parkside, Elmview and Sunset are Health Care Organizations with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.
	Sunset Heavy care long-term care, young adult programming.	
Cupar & District Nursing Home	Heavy care long-term care, small Adult Day Support Program integrated in the activities program.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.
Lumsden & District Heritage Home	Heavy care long-term care, small Adult Day Support Program integrated in the activities program.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.
Santa Maria Senior Citizen's Home	Heavy care long-term care, specialized dementia unit, respite care.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.
Regina Lutheran Housing Corp.	Heavy care and long-term care.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.

Salvation Army William Booth Special Care Home	Heavy care long-term care, convalescent care, palliative hospice, large Adult Day Support Program, respite care.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.
The Qu'Appelle Diocesan Housing Company	Institutional light long-term care for a very frail population who meet special criteria, small assisted living program for residents in housing.	Affiliate with an affiliation agreement. Quarterly and annual financial reporting, regular clinical indicator reporting, monthly management indicator reporting.

Community-based organizations and third party partners

Other contracted organizations assist the RQHR in achieving its goals. The community-based organizations and third parties that receive funding through the region in 2013-14 are listed below.

Organization Contracted	Service Provided	Relationship and Accountability to RQHR
Canadian Red Cross	To provide and manage the Red Cross Veterans' Arts & Craft program at the Wascana Rehabilitation Centre.	Contractual agreement outlining obligations. Quarterly reporting, with annual summary report.
Mutchmor Lodge	Subsidy for care of transferred level 2 patients.	Contracted service and monthly statements confirming names of residents who continue to reside there, from the Hostel, and who have moved to other care services (subsidy then cancelled for these people).
North Central Community Association Inc.	Assist in the provision of resources and care to community clients by increased access to health related services.	Contractual agreement outlining obligations and responsibilities; monthly statistical reports regarding nursing activity; annual financial report.
Planned Parenthood Regina	 a. Youth focused sexual health service including counseling, medical service, education and advocacy. b. HIV strategy: funding for YEAH Peer Harm Reduction project to establish a peer group for at-risk and vulnerable youth to provide education, counseling, client-centered care and support. 	 a. Contractual agreement; quarterly income/ expense and monthly program statistics; annual report including audited financial statement. b. Contractual agreement ending early this fiscal year. We continue to support educational capacity and resources to implement routine HIV testing.
Aids Programs South Saskatchewan	 a. Provision of supplies required to provide Needle Exchange/Harm Reduction programming to meet protocol and standards of practice of RQHR Program. Includes provision of staff training, immunization, consultation and guidance by RQHR personnel. b. HIV Strategy: expansion of Needle Exchange/Harm Reduction Program (Sat) and AT RISK group and Circle of Courage women's group; services to increase availability support programming for at- risk and HIV positive clients/ community members. 	 a. Contractual agreement; maintenance of daily and monthly needle exchange statistics reported on a monthly basis. b. Contractual agreement outlining obligations and responsibilities; operational plan and annual budget; quarterly revenue/expenditure and statistical/program reports; annual report and audited annual financial statement.

Organization Contracted	Service Provided	Relationship and Accountability to RQHR
All Nations Hope Network	HIV Strategy: outreach to HIV positive and at-risk community members and families; provision of education, assistance with case management and social issues, referrals, prevention resources, assistance with integration of services and client access to Elders, medical care and treatment.	Contractual agreement outlining obligations and responsibilities; operational plan and annual budget; quarterly revenue/expenditure and statistical/program reports; annual report and audited annual financial statement.
Carmicheal Outreach	HIV Strategy: housing support and assistance for those living with HIV and at-risk for HIV who are experiencing housing challenges, are vulnerably housed and/or homeless.	Contractual outlining obligations and responsibilities; operational plan and annual budget; quarterly revenue/expenditure and statistical/program reports; annual report and audited annual financial statement.
Street Workers Advocacy Program	 a. HIV Strategy: Outreach to HIV positive and at-risk community members and families; provision of education, assistance with case management and social issues, referrals, prevention resources, assistance with integration of services and client access to medical care and treatment. b. HIV Strategy: HIV Peer Mentorship program providing peer support and role modeling; engaging at-risk and HIV positive clients and community members. 	 a. Contractual agreement outlining obligations and responsibilities; operational plan and annual budget; quarterly revenue/expenditure and statistical/program reports; annual report and audited annual financial statement. b. Contractual agreement outlining obligations and responsibilities; quarterly review and semi-annual and year end work plan reports.
Cosmopolitan Learning Centre Inc.	Provide a variety of life skills training, employment opportunities as well as recreational and social activities for adults with intellectual and accompanying physical disabilities.	Grant agreement renewed annually which outlines responsibilities and obligations. Monthly activity report submitted.
Leading Thunderbird Lodge Inc.	Management of funds for capital improvements.	Provide funding to LTL upon confirmation from Ministry of Health that the services have been received.

Organization Contracted	Service Provided	Relationship and Accountability to RQHR
Mental Health Assoc./ Regina Branch Inc.	Provide funding for 7.5 full time employees (FTE) to provide supported socialization and vocational programming to persons with severe and persistent mental illness.	Contractual agreement outlining obligations. Annual report, quarterly report and audited financial statements.
Mobile Crisis Services, Inc.	Provide after-hours mental health crisis response.	Contractual agreement outlining obligations. Annual report, quarterly report and audited financial statements.
Phoenix Residential Society	Provide programming and housing to persons with severe and persistent mental illness. Provide support to persons living in the community who have severe and persistent mental illness, and to those at risk of eviction.	Contractual agreement outlining obligations. Annual report, quarterly report and audited financial statements.
Ehrlo Community Services	Provide respite services to parents/guardians of children with mental health disorders and to help improve child behaviour. Provide residential support to adults with Aspergers Disorder.	Contract agreement outlining obligations. Monthly statistical/financial reporting, annual report and audited financial statements. Outcomes specified in agreement.
Salvation Army Waterston Centre	Provide daily practical residential support to persons with severe and persistent mental illness.	Contractual agreement. Monthly statistics, quarterly financial reports, and year-end financial reporting.
Rainbow Youth Centre Inc.	Provide community-based support, counseling, and intervention services to hard to reach inner city youth (ages 11-19) who live a street lifestyle or are at risk and lack services and resources.	Contract agreement outlining obligations. Monthly statistical/financial reporting, annual report and audited financial statements.
Regina Community Clinic	Provide community-based support, counseling, and intervention services to hard to reach youth and adults with FASD or suspected of having FASD.	Contract agreement outlining obligations. Monthly statistical/financial reporting, annual report and audited financial statements.
Regina Recovery Homes Inc.	Provides a 23 bed, 30 day inpatient addiction treatment program located at Pine Lodge in Indian Head.	Contractual agreement outlining obligations. Annual reporting period. Jointly run admissions committee.
Student Energy in Action for Regina Community Health Inc.	Student-run organization. Provides limited after-hours primary health care to residents of Regina's North Central neighbourhood.	Grant agreement; semi-annual financial and activity reports.
City of Regina Transit Department	Paratransit use for Adult Day Support Programs.	Small operating grant in recognition of the significant Paratransit use for Adult Day Support Programs.
Lumsden and Craven Seniors' Program Inc.	Assisted living in seniors' housing including a meal program.	Community-based grant agreement.

Organization Contracted	Service Provided	Relationship and Accountability to RQHR
Milestone Assisted Living Advisory Board	Assisted living in seniors' housing.	Community-based grant agreement.
Salvation Army Waterston Centre	Supportive residential program.	Community-based grant agreement.
Autism Resource Centre	Provide Home/community- based individualized programs and advice regarding treatment services for adults with autism.	Contract agreement outlining obligations. Monthly statistical/financial reporting, annual report and audited financial statements.
	Provide summer programming to children with autism.	
Ehrlo Community Services	Provide children and youth diagnosed with ASD a variety of rich experiences through sport, social connections and creativity.	Contract agreement outlining obligations. Monthly statistical/financial reporting, annual report and audited financial statements.
Aboriginal Family Service Centre	Provide early Learning/Child Care and Family Support.	Contractual agreement. Monthly financial and statistical reports, annual report and audited financial statements.
Rainbow Youth Centre Inc.	Provide early Learning/Child Care and Family Support.	Contractual agreement. Monthly financial and statistical reports, annual report and audited financial statements.
Regina Early Learning Center	Provide early Learning/Child Care and Family Support.	Contractual agreement. Monthly financial and statistical reports, annual report and audited financial statements.
Regina Open Door Society	Provide early Learning/Child Care and Family Support.	Contractual agreement. Monthly financial and statistical reports, annual report and audited financial statements.
First Years Child Care	Provide early learning/child care and family support services to families with vulnerable children.	Contractual agreement. Monthly financial and statistical reports, annual report and audited financial statements.
Stepping Stones Child Care Cooperative	Provide early learning/child care and family support services to families with vulnerable children.	Contractual agreement. Monthly financial and statistical reports, annual report and audited financial statements.
Hope's Home Incorporated	Licensed integrated day care & respite program for children with complex medical needs and children from the community.	Grant agreement renewed annually with RQHR (Home Care & Rehab) which outlines responsibilities, obligations and evaluation.
Cupar Lions Volunteer Ambulance	Provide basic life support and transport	Contractual agreement outlining obligations. Annual financial report.
Hutch Ambulance Moosomin Inc.	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.
Imperial & District Volunteer Ambulance	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.
JT Ambulance Service Inc.	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.
Prairie Ambulance Care Ltd. (Balcarres)	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.
Rural Medical First Responder Teams (31 Teams)	Provide rural medical first response.	Mutual Aid Agreement. Patient Care Report Forms Audited.

Organization Contracted	Service Provided	Relationship and Accountability to RQHR
Strasbourg EMS – Money routed through Saskatoon Health Region	Provide basic and/or advanced life support and transport.	Contractual agreement outlining obligations. Annual financial report.
Soo Line Ambulance Assoc.	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.
615672 Saskatchewan Ltd. o/a Touchwood EMS	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.
Valley Ambulance Care Ltd. (Fort Qu'Appelle)	Provide basic life support and transport.	Contractual agreement outlining obligations. Annual financial report.

Governance

The Regina Qu'Appelle Regional Health Authority

The Regional Health Services Act establishes the Regina Qu'Appelle Regional Health Authority (RQRHA) as the governing body of the Regina Qu'Appelle Health Region (RQHR). The RQRHA has responsibility for ensuring all health care programs are effectively and efficiently planned, delivered, monitored and evaluated on behalf of the residents of the RQHR.

These responsibilities include:

- Strategic planning;
- Fiscal management and reporting;
- Building and maintaining key relationships with stakeholders;
- Quality management initiatives;
- Monitoring, evaluating and reporting of performance indicators; and
- Monitoring the management and performance of the authority and the Chief Executive Officer.

The Regional Health Services Act defines the roles and responsibilities of the Minister of Health and the regional health authorities. The minister and the Regional Health Authorities work in conjunction to ensure coordinated province-wide planning for the health system.

At a strategic planning session in 2013, the RQRHA maintained their committees to continue to efficiently focus on important issues.

Committees developed within the RQRHA focus on specific important issues related to the quality, safety and performance within the health care system. The RQHR's committees are focused on the following four issues:

- Quality and Safety
- Audit and Finance
- Governance, Performance and People
- Surgical Oversight (a committee which includes the RQRHA and management and the Ministry of Health).

It is through these committees, that the RQRHA focuses on key priorities. One of the provincial goals is to provide Sooner, Safer, Smarter health care. For the Quality and Safety Committee, this encompasses a focus on wait lists within the region, safety issues for both staff and patients, and also the quality of health care provided throughout the RQHR.

The Audit and Finance Committee focuses on opportunities to manage the health region's resources within its annual budget allocation.

Through its Governance, Performance and People Committee, the RQRHA examines region-wide policies to ensure open access within the RQHR so that employees can feel safe in bringing issues forward.

The Surgical Oversight Committee was formed with a specific focus on ensuring the delivery of surgical procedures within provincially agreed upon wait times.

In addition to the committees, the RQRHA believes that public engagement will also help to provide direction for enhancing the delivery of health care in southern Saskatchewan.

One of the goals of the Board from day one has been to have input from the various communities that it serves which is done through community consultations. The process is to have the board and management together, answering questions put forward by the public, and to respond in the future to questions we may not have answers to at the meeting. We get back to them with a report and follow up. This keeps citizens within the region as involved and as up-to-date as possible.

The RQRHA is committed to learning from actual patient experiences. At every RQRHA public meeting, a story is shared about a patient experience. The RQRHA listens to the real experiences of patients and relatives at the start of each meeting to learn how problems in care provision affect and impact patients and their families, and to maintain focus on continually improving patient safety and experience. This gives the RQRHA insight into what needs improvement within the health region, as well as what is currently being done to address any issues that require action.

The Quality and Safety Committee will follow-up on actions arising from a story and report back to the RQRHA to enhance accountability.

To support the authority in fulfilling its responsibilities, authority members participate in a variety of other meetings, education sessions and activities including, but not limited to, the RQRHA community consultations, strategic planning sessions, governance training, volunteer appreciation events, employee and physician long service and retirement functions, 3sHealth board of directors, the Practitioner Liaison Council, the Pediatric Steering Committee, as well as numerous events sponsored by the Ministry of Health.

Board members report to their colleagues at regular monthly meetings regarding their participation in these activities and committees. Authority members must travel extensively to attend meetings, which are held throughout the region. In 2013-14, of the eight authority meetings, two were held outside of Regina.

The following nine RQRHA members, whose appointments were made by Health Minister Don McMorris on May 22, 2012, were authority members at the end of the fiscal year 2013-14:

Lloyd Boutilier – Regina (Chairperson)
Brian Barber – Regina Beach (Vice Chairperson)
Sean Quinlan – Regina
Colleen Bryant – Regina
Gary Semenchuck – Regina
Jacqueline Carter – Fort Qu'Appelle
Peter Woidyla – Indian Head
Linda Jijian – Regina
Jocelyne Lang – Regina

Practitioner Advisory Committee

The Practitioner Advisory Committee is responsible for assisting the Senior Leadership Team in the organization, management and functioning of practitioner staff; the development of rules, regulations and policies; and in making recommendations to the Chief Executive Officer; the Senior Leadership Team and the regional health authority in accordance with medical staff bylaws.

Committee members, as of March 31, 2014 are:

Dr. G. White, Chairperson, Associate Dean, College of Medicine

Dr. E. Alport, Head, Department of Laboratory Medicine

Dr. L. Blignaut, Head, Department of Family Medicine

Dr. T. Diener, Chief Medical Health Officer

Dr. S. Karunakaran, Vice President, Regional Medical Association

Dr. D. McCutcheon, Vice President Medical Services

Dr. D. McCarville, Regional Medical Association

Dr. T. Ross, President, Regional Medical Association

Dr. M. Salim, Head, Department of Cancer Services

Administration

The RQHR is administered by the Senior Leadership Team. The team, as of March 31, 2014, is made up of:

Keith Dewar, President and Chief Executive Officer

Dr. Tania Diener, Medical Health Officer

Karen Earnshaw, Vice President, Integrated Health Services

- Primary Health Care Service Line

Mike Higgins, Vice President, Human Resources & Communications

Val Hunko, Vice President, Integrated Health Services

- Surgical Service Line
- Women & Children's Health Service Line
- Specialized Ambulatory Care Service Line

Carol Klassen, Vice President, Knowledge and Technology Services

Dr. David McCutcheon, Vice President, Physician and Integrated Health Services

- Medicine Service Line
- Physician Service Line

Susan Neville, Vice President, Integrated Health Services

- Clinical Support Service Line

Robbie Peters, Vice President and Chief Financial Officer

Michael Redenbach, Vice President, Integrated Health Services

- Mental Health & Addictions Service Line
- Facility Based Continuing Care & Rehabilitation Service Line

Marlene Smadu, Vice President, Quality & Transformation

Progress in 2013-14

Key activities carried out in the RQHR in 2013-14 supported the province-wide goal of creating a responsive, efficient patient-centred health system. Providing patient and family-centred care, fulfilling the provisions of the Saskatchewan Surgical Initiative, the implementation of Lean and implementing new models for the delivery of primary health care are key components of that goal.

Progress in 2013-14 reports on the hoshins and five-year outcomes and improvement targets (key activities) carried out in the RQHR in the 2013-14 fiscal year. The region has taken strides towards reaching its goals, but there is still work to be done to achieve the provincial five-year targets and outcomes.

In an effort to show how resources are used, the RQHR continues to improve the linkage between financial and non-financial performance information.

Successes achieved and challenges faced are both presented in *Progress in 2013-14* which follows.

As a means of ensuring transparency and accountability, and to enable the public in understanding our targets and initiatives, performance progress is posted throughout the year on www.rqhealth.ca.

Progress in 2013-14 Better Health

Better Health Strategy

Improve population health through health promotion, protection and disease prevention, and collaborating with communities and different government organizations to close the health disparity gap.

Primary Health Care:

5 Year Outcomes:

• By 2017, people living with chronic conditions will experience better health as indicated by a 30% decrease in hospital utilization related to six common chronic conditions (Diabetes, Coronary Artery Disease [CAD], Chronie Obstructive Pulmonary Disease [COPD], Depression, Congestive Heart Failure, Asthma).

5 Year Improvement Targets:

- 80% of patients receive care for six common chronic conditions consistent with clinical practice guidelines (2017).
- 50% improvement in Primary Health Care (PHC) access on day of choice (2017).

Hoshin:

By March 2014, improve access and connectivity in Primary Health Care innovation sites and use early learnings to building foundational components for spread across the province.

RQHR Project:

Two primary health care innovation sites: the Meadow Primary Health Care Centre and Touchwood Qu'Appelle Primary Health Care Collaborative were established in 2013-14 to address the above targets.

Measurement Results:

- The Chronic Disease Management Quality Improvement Program (CDM-QIP) is being led by eHealth Saskatchewan. In the RQHR, there has been training for PHC providers:
 - for 8 out of 11 PHC sites;
 - 39 out of 44 physicians;
 - approximately 65 Fee-for-Service Family Physicians;
 - and 13 out of 17 Nurse Practitioners (NP's).
 - moving forward, the RQHR is striving to have training complete for all PHC physicians/ NPs by May 30, 2014.
- Over the past fiscal year, implementation of PHC networks has begun. Interim leadership was
 also put in place to help build networks and teams. Additionally, two innovation sites were
 established and are moving ahead and becoming operational.

Progress in 2013-14 Better Health

Moving forward into the next fiscal year, to reach the target, the RQHR will:

- Work on current state assessment and development of final PHC organizational structure;
- Put into place templates and processes for regular data collection;
- Establish urban/rural PHC network design & service delivery models;
- Enhance relationships with family physicians;
- Establish standard work for chronic disease prevention and management;
- Develop a staffing resource plan for PHC Networks;
- Continue with team development (Lean, scope of practice, leadership development, etc.);
- Build the infrastructure (budget, facilities, technology, Lean processes, Electronic Medical Record, data plan, CDM-QIP roll-out, refine measurements and reporting;
- Work to influence policies/legislation;
- Develop/implement a communications/marketing strategy;
- Link with 2014/15 Hoshins the Emergency Department patient flow strategy, seniors' strategy, and access to specialty care/diagnostics, etc.

Progress in 2013-14 Better Health

At Risk Populations:

5 Year Outcomes:

• By 2017, at risk populations (all age groups) will achieve better health through access to evidence-based interventions, services and/or supports.

5 Year Improvement Targets:

- 50% reduction in occupation of acute care beds by seniors waiting for community service supports (2017).
- 50% reduction of individual readmissions within 30 days (mental health inpatient and acute care units) (2017).

RQHR Project:

- The seniors' strategy was in its early development stage in 2013-14.
- Many Lean and Kaizen projects were centred on improving mental health and addiction readmission rates in 2013-14.

Results:

- In December 2013, the Ministry of Health announced it would provide funding for long-term care (LTC) to the regional health authorities (Urgent Issues Action Fund). The RQHR began planning for training staff and other long-term care supports for seniors to be implemented in 2014-15. In addition to planning, over the last fiscal year, the RQHR:
 - continued to achieve good timely placement for long-term care needs;
 - provided several alternatives to long-term care placement available to seniors including the Transition Unit; Quick Response Unit; and home care;
 - began training of Gentle Persuasive Approaches (GPA) to all staff in long-term care;
 - provided a variety of specialized programming available in LTC facilities including dementia units, acquired brain-injury unit, mental health assessment and stabilization, convalescent care, respite; and
 - had good quality indicator reporting from all facilities, leading to corrective action plans where necessary.

Progress in 2013-14 Better Health

Moving forward to meet the 2017 target, the RQHR will:

- implement Purposeful Hourly Rounding and an enhanced dining experience;
- provide additional options for convalescent care and alternate levels of care;
- create a quality improvement plan for LTC;
- monitor/evaluate the Home First/Quick Response pilot;
- implement Seniors Friendly Hospital initiatives;
- plan for replacement of LTC facilities; and
- will link to provincial initiatives, including zero waits in the Emergency Department, and mental health initiatives.

There have been many improvements in the mental health inpatient and acute care units resulting from our Lean events in 2013-14, yielding results such as:

- 100 per cent of patients discharged from the inpatient unit now have a "warm" hand-off to their community provider prior to leaving the unit.
- the lead time from referral to first day of treatment in the Recovery Support Program was reduced from 24 to nine days, a reduction of 63 per cent.

Moving forward, to meet the 2017 target, the RQHR will:

- improve outpatient wait times;
- embed and replicate Lean improvements;
- prepare for the recommendations from the Mental Health Action Plan report;
- support provincial initiatives, such as Hot-spotting; and
- link with primary health care networks.

The Patient Experience

The RQHR values listening to and learning from patient experiences, and appreciates any feedback that patients or families have about the region's care. The following testimonials are real patient stories which give insight into the region's care, challenges and improvements made over the past year.

If a patient wishes to share their personal story with the RQHR, please contact Kate Crowley at 306-766-5227 or kate.crowley@rqhealth.ca

Never give up

Lorie McGeough was a Registered Nurse in the region for 37 years. A few years ago, she went into an Atrial Fibrillation, which is a condition where the heart beats too fast and irregularly.

Unfortunately, Lorie's medication didn't work so she agreed to get an ablation and had to wait 10 months before getting the procedure done.

The long wait was just the beginning of many unfortunate things that happened to Lorie. Many things went wrong during her procedure. She experienced a cardiac tapenade (when pressure on the heart occurs when blood or fluid builds up in the space between the heart muscle and the outer covering sac of the heart). When she woke up from the procedure, she knew that something was wrong.

Photo Credit: Medical Media Services.

Lorie's phrenic nerve was also compromised, which affected her breathing. She had troubles breathing and the ablation was not fully successful. The medical team suggested a cardioversion which was not successful. In the aftermath, Lorie ended up having a hemorregonic left-sided stroke.

The nurses and doctors saved her. Physicians called her a miracle. Patients rarely survive from the medical occurrences Lorie experienced.

"I would not be here if it was not for the amazing expertise, and strength of the people with me in the Cardiac Care Unit that day," said Lorie.

After the stroke, she couldn't read, write or even talk. She ended up going to the Wascana Rehabilitation Centre.

"Something inside of me didn't want to give up," said Lorie. The medical staff told her that it would take her several years before she could regain her communication skills.

Lorie was determined to regain her communication skills as soon as possible. She worked hard to gain her speech and writing skills back.

"A lot of health care workers don't fully understand a stroke. People think after you have a stroke, it's the end. And that's not necessarily true."

"People think that if you can't communicate, you have lost your marbles when you haven't. They talk to you as if you were a child. Or, they may think that you are deaf and shout at you when they talk, because you don't have the means to say 'I can hear you' or 'I can understand you' due to your loss of communication skills."

One of Lorie McGeough's paintings.

Lorie has a rare type of aphasia called conductive aphasia. It is characterized by intact auditory comprehension, fluent speech production, but less than stellar speech repetition. As of today, she has full of the conduction of

production, but less than stellar speech repetition. As of today, she has full communication skills, despite the aphasia.

Although she experienced so many unfortunate complications, Lorie has found a positive side to her stroke.

"I see life differently right now," said Lorie, who is also an artist. "I see colours in a different way – they are more vivid. It opened up a new world for me. I don't think about dying anymore."

Lorie has channeled her positive energy into her beautiful art creations, and shares her powerful story with others.

"The most important thing in our lives is communication. It is my wish to share with others that communication is one of the most powerful skills we have."

Better Care Strategy

In partnership with patients and families, improve the individual's experience, achieve timely access and continuously improve health care safety.

Emergency Department Waits and Patient Flows:

5 Year Outcomes:

By March 31, 2017, no patient will wait for care in the Emergency Department (ED).

Improvement Targets:

• 50% decrease in ED wait times (2015).

RQHR Project:

RQHR Patient Flow Activities:

- A daily bed planning and management process (Real Time Demand Capacity) was implemented in 2012.
- An Electronic Bed Management System was implemented in 2013, including improved roles and procedures to better respond to periods of increased occupancy were implemented.
- Regular reporting on key patient flow performance measures was distributed to senior leadership.

Results:

- Nine inpatient hallway beds were closed in 2013 as a result of the RQHR's patient flow initiatives.
- In both the Regina General and Pasqua Hospitals, emergency wait times have decreased (when comparing the March 2013 data to March 2014 data).
- There has been a significant reduction in the use of Emergency Department overflow space (Code Burgundy).
- The number of admitted Emergency Department patients waiting for an Inpatient bed (Admit No Bed patients) has been reduced, while overall occupancy at the Pasqua and General Hospitals has increased.

Moving forward, the Patient Flow Department will integrate the regional patient flow 2014/15 work plan with the initiatives under the provincial Emergency Department Waits and Patient Flow Implementation Strategy hoshin, which will include:

 Enhanced plans and accountabilities to further improve occupancy and emergency department waits at the Regina General and Pasqua Hospitals.

- Real-time reporting on key occupancy and wait measures.
- Implementation of tools and processes to support a more proactive approach to achieving daily capacity demands.
- Alignment of existing beds to better align with patient care needs.
- Implementation of activity to improve the utilization of existing bed capacity such as improving the length of stay of patients and reducing readmission rates.

The Patient Experience

Compassionate care is not an option

Janet Barber knows firsthand how treating patients with compassion makes all the difference.

In 2005, one of her sons passed away due to a tragic accident in her small community. He was 15, and Barber's other sons were 17, 13, and nine at the time.

Barber did all she could to help her children through the grieving process – she took them to councillors and grief support groups, and offered all the support she could while the family struggled to find their way without her son.

Barber's 17 year old son had the misfortune of suffering from survivor guilt. He undertook risky behaviours, and had a hard time talking about his deceased brother. In spite of this, he was able to graduate from high school and wanted to attend post-secondary education in British Columbia (B.C.).

Barber did her due diligence and researched his condition and what she could do to help him. She came to understand that people with strong support from family and friends were the most likely to recover.

Barber's family encouraged the son to pursue his dreams. He went to a college in B.C., and stayed in residence. The Barber's had extended family in the same city that could offer support.

Barber and her family thought they were on the road to recovery. What they didn't understand or recognize was how the stressful triggers were affecting their son's thinking.

In February 2007, he experienced his first psychotic episode in reaction to stress triggers.

Despite her son's progress, due to his condition, he experienced seven more hospital admissions and three diagnoses.

Barber and her family have had both amazing and horrible experiences with the mental health care system.

"My son is a bright, athletic, musical, funny young man with family and friends who love him and want to support him," said Barber. "He has goals, aspirations and dreams similar to any young man's."

Barber and her family wanted to be supportive throughout his journey.

While her son was receiving treatment, she wanted to know about his care and behaviour so that she could support his recovery.

"Imagine my surprise when I was told that I couldn't possibly be told how my son was sleeping while receiving treatment as that privacy act was a "bugaboo." Imagine my outrage when a nurse

said 'Ma'am, you have no idea how many times I have wrestled with your son to keep him from escaping,'" explained Barber. "To put this into perspective, at no time has my son ever asked for information to be withheld. In fact, at one point in his outpatient program, he had signed a consent to share information with us. This was in the Regina Qu'Appelle Health Region."

It was hard for Barber to make care decisions and learn how to help her son due to the limited care information that was provided to her.

"My son is very clever. He was a certified patient, and had escaped from the unlocked unit several times. On each occasion the onus was pretty much put on us to find him and return him."

In one particularly disturbing episode, the Barber's son's 78 year old Grandmother found him on her doorstep in hospital pajamas, miles away from the hospital. She had to walk him back into the unit with the police.

"None of the staff members even looked up as they walked past the desk. We were told that our beautiful boy, the apple of our eye, was basically a 'salvage operation."

"It takes little time to instill hope, and compassionate care makes all the difference."

"One time when my son breached his inpatient pass while in Kelowna, I ended up walking into the unit with him and a police officer. As opposed to his granny's experience, our reception was warm and compassionate. The nurse asked 'Are you ok? You're welcome to stay with him tonight, go get yourself a cup of tea.' She encouraged me to call the unit anytime to check up on him."

"Being told that I could call anytime to see how he was doing was huge. Often when I would phone Kelowna their response would be 'Hi Janet, I'm glad you called. Let me tell you about his day. One of my favourite stories is when a support staff told me that my son has my smile. Firstly, it let me know that someone had made him smile. Secondly, it made me feel welcome."

"Frankly, my son was mine before he became the health system's patient and he will always be mine. We need some tools in our toolbox to help him manage his goals so that he can have a meaningful role in life – no matter what that looks like."

"Initially, I was fearful for him to return to the health system. I am encouraged to see that his caseworker is willing to meet him anytime and anywhere. I am seeing small changes that make me hopeful that our way of treating people like my son and his family can and will change for the better."

Throughout these times, the Barbers' son has had successful work experiences, has gone to university, played various sports, ran marathons and been involved with family holidays and gettogethers, just like any other young man.

"Help me (and all families) hold his hope for him until he can hold it for himself. Remember to treat each person as if they were your son, your daughter, your mother, or your dad."

Surgical Initiative:

5 Year Outcomes:

• By March 2017, all people have access to appropriate, safe and timely surgical and specialty care (cancer, specialist, and diagnostics) as defined by the improvement targets.

5 Year Improvement Targets:

- 100% of cancer surgeries/treatments done within consensus timeframe from the time of suspicion or diagnosis of cancer (2015).
- 3 month surgical wait time (2014).
- 50% decrease in wait time for appropriate referral from primary care provider to specialist or diagnostics (2017).

Hoshin: Transform the patient experience through sooner, safer, smarter Surgical Care.

RQHR Project:

In 2013-14, the RQHR has worked on the following in order to meet surgical targets:

- Maximizing Operating Room (OR) theatre capacity & efficiency;
- Improving OR scheduling;
- Maximizing inpatient bed capacity;
- Load leveling waitlists with targeted sections;
- Creating surgical pathway targets; and
- Stabilizing the work force.

Results:

- In 2013-14, the RQHR performed 26,615 surgeries over 3,000 more surgeries than the previous fiscal year.
- The number of patients waiting for more than three months for surgery has decreased by 60% in March 31, 2014 when compared to the number of patients waiting more than three months for surgery in March 31, 2010.
- There is now an increased capacity to train operating room nurses.
- Surgical capacity has been expanded through the use of third-party surgical and diagnostic services.

The RQHR will continue efforts that were made in 2013-14 to continue improving the surgical wait time for cancer and non-cancerous surgeries, as well as the referral time for patients. The RQHR expects to meet its surgical wait time target by March 2015.

In 2013-14, the RQHR undertook redesigning the Musculoskeletal Pathway Clinic to meet the goals of Saskatchewan's hip and knee patient pathway. The RQHR will be opening a Hip and Knee Osteoarthritis Clinic which will reduce osteoarthritic patients length of stay and provide patients with access to comprehensive care for their condition. The clinic is the first of its kind in Saskatchewan and is scheduled to open in the fall of 2014.

Summary of Invasive Cancer Waits for Surgery Between 17MAR2014 and 13APR2014 Inclusive

Surgeon Specialty	Total Invasive Cancer Cases Performed	Total Invasive Cancer Cases Performed Within 3 Weeks	Percent Invasive Cancer Cases Performed Within 3 Weeks	Total Invasive Cancer Cases Performed Excluding Prostatectomies	Total Invasive Cancer Cases Performed Within 3 Weeks Excluding Prostatectomies		Percent Within Target Dr. Ogrady Method
General Surgery	43	39	90.70	43	39	90.70	90.70
Obstetrics and Gynecology	20	17	85.00	20	17	85.00	85.00
Urology	15	15	100.00	15	15	100.00	100.00
Cardiothoracic Surgery	6	6	100.00	6	6	100.00	100.00
Neurosurgery	3	3	100.00	3	3	100.00	100.00
Plastic Surgery	3	3	100.00	3	3	100.00	100.00
Otolaryngology	2	2	100.00	2	2	100.00	100.00
ALL SPECIALTIES	92	85	92.39	92	85	92.39	92.39

Data Source: 27APR2014 refresh of the SK Surgical Registry data mart

Patient unavailable days have been subtracted from the wait times.

Prostatectomies include the following procedure groups (if present):

Prostatectomy (radical).

The Dr. Ogrady method includes the prostate cancer cases, but gives them a target of 3 months (91 days) rather than 3 weeks.

Culture of Safety - Patient Safety:

5 Year Outcomes:

 By 2017, establish a culture of safety with a shared ownership for the elimination of defects (uncorrected errors).

5 Year Improvement Targets:

- Provincial Safety Alert/Stop the Line System implemented (2017).
- Zero patients experiencing a medication defect (2017).
- Zero patients experience a preventable surgical site infection from clean surgeries (NHSN class I, II) (2017).

Hoshin: Safety Culture: Focus on Patient and Staff Safety

RQHR Project:

- The provincial Stop the Line System information can be found on page 50.
- In 2013-14, the region participated on the Provincial Guiding Coalition for the Safety Alert
 System and the Stop the Line initiative being prototyped by the Saskatoon Health Region. In
 addition, an RQHR working group, which includes patients and family members, developed
 draft policy and procedures, algorithms and supporting documents related to educating staff
 and physicians and changing the culture of safety.
- In 2013-14, the RQHR formed a Surgical Site Infection Prevention working group to develop
 and deploy interventions including Surgical Site Infection Prevention Bundles surveillance
 and reporting. The RQHR was also part of provincial working groups related to the
 implementation of the Surgical Infection Prevention Bundles and Surgical Site Infection
 Prevention more broadly.
- In 2013-14, work continued on medication reconciliation on admission as one of the components of moving to zero medication defects. As well, safety crosses to monitor medication errors have been implemented on patient care units.

Results:

- The provincial Stop the Line System information can be found on page 50.
- As of 2013-14, units in the RQHR now have medication error safety crosses, are completing
 root cause analyses on medication errors, and are dealing with errors in real-time. Moving
 forward, the RQHR will continue to support the management of patient safety at the unit/
 service level through daily visual management, safety huddles, and the Stop the Line
 initiative. The region did not meet the target of zero preventable surgical site infections from

clean surgeries. However, phone surveillance of patients 30 days after surgery has been implemented for targeted surgeries, which provides support and education to patients, and has produced more reliable data for tracking. The implementation of the Surgical Site Infection Prevention Bundles has improved, as noted in the graph below.

The Patient Experience

New dialysis machines make a world of difference

When the province was looking into purchasing new dialysis machines, they sought input from renal patients from the Saskatoon and Regina Qu'Appelle health regions.

Two renal unit patients at the Regina General Hospital were asked to trial three potential machines.

The patients' trialed one machine per week, using it three times.

Louis Levesque was one of the patients.

For Levesque, several things stood out about the current B-Braun Dialog+ machines.

Better cleaning, the ability to customize profile settings, reduced leg cramping, and better technology were just a few. The new machine also allows the patient to swivel the screen so they can view their own dialysis progress. Previously, the whole machine would have to be turned around in order for the patient to see their screen readings.

Louis Levesque.

The dialysis machines that the region used to have had a limited set of profiles available for patients. A "profile," is the ability to tailor treatment settings for fluid removal (ultrafiltration) and sodium levels. The new machines include not only more profiles, but allows the patient and health care provider to customize the profile based on the patient's need.

"A better cleaning makes all the difference: it gives me more energy, I sleep better and I feel better. Now I can work more hours at my job and I don't have to take as many breaks during my work-day. I feel more energized when I spend time with my family."

For dialysis patients like Levesque who receive treatment several times a week, better care makes all the difference.

Culture of Safety - Staff Safety:

5 Year Outcomes:

• By 2017, establish a culture of safety with a shared ownership for the elimination of occupational injury. (uncorrected errors).

5 Year Improvement Targets:

• Zero workplace injuries (2017).

RQHR Project:

In 2013-14, the RQHR worked collaboratively with the Saskatoon Health Region to plan the Stop the Line safety initiative. Our region developed a draft policy and procedure, which we will finalize in 2014-15.

The RQHR also updated and enhanced safety policies including the adoption and integration of the provincial Safety Management System framework. A safety pilot project was completed at the Wascana Rehabilitation Centre's Unit 3-2, which resulted in a 47 per cent drop in time loss injuries. The pilot project will be expanded into other units in the region's facilities.

Other actions in 2013-14 included: an initiative to reduce exposure to blood and body fluids; enhanced training opportunities for our Occupational Health Committee members; improved procedures for reporting and investigating workplace incidents and hazards; and an observational audit tool to assist in reinforcing safe patient transfers and lifts.

Results:

The RQHR has achieved a 29 per cent reduction in workplace injuries over the last two fiscal years. 2013-14 saw a 19.2 per cent reduction alone.

Moving forward, in 2014-15 the Culture of Safety injury reduction strategy will focus on: monitoring the effect of the revised incident reporting procedures, leadership accountability, improved procedures for conducting hazard and risk assessments, and training resources (the RQHR will be partnering with the Saskatchewan Association for Safe Workplaces in Health for this) in an effort to achieve zero workplace injuries. The region will also be implementing an enhanced harassment policy, violence prevention policy and program, improving Safety Policy and developing standard work, and will further improve access to bariatric equipment in the next fiscal year. We will continue collaborative work on the provincial Stop the Line initiative and expand the safety pilot project.

Infrastructure:

5 Year Outcomes:

 By March 31, 2017, all Information Technology (IT), equipment and infrastructure will be coordinated through provincial planning processes to ensure provincial strategic priorities are met.

5 Year Improvement Targets:

- Strategy developed to integrate IT/IM (Information Management) services throughout the provincial health system (2014).
- IT, capital, facility renewal coordinated, integrated and delivered provincially (2017).

RQHR Project:

- In 2013-14, the RQHR undertook several projects to improve IT systems. The availability of
 patient information was improved, and the functionality of clinical systems was expanded to
 enhance safe quality patient care.
- Certain critical infrastructure requirements were also addressed in 2013-14.

Results:

- The various projects provided many positive results for the region, including:
 - Improved supports for primary health care (specifically the Meadow Primary Health Care Centre & the Touchwood Qu'Appelle initiative);
 - Increased participation/input from family physicians;
 - Completed patient/user integration with Pharmacy Information Program (PIP);
 - Additional clinical documents and scheduling developed for 12 outpatient clinics providing services to approximately 100,000 patients;
 - Implemented a patient portal for the Child Immunization Program, along with online documentation;
 - Sunrise Clinical Manager (SCM) Rollout to additional service areas with additional functionality.
- New system supports from the projects included:
 - The rollout of Electronic Bed Management Phase 1;
 - The implementation of the Emergency Medical Services / Ambulance Computer Aided Dispatch system;
 - Gateway Online.
- Moving forward, the RQHR will continue working with eHealth/3sHealth, RHAs/SCA on the development of the provincial business case. The RQHR will also:

- Revise/approve the RQHR Information Management/Information Technology/Equipment plan;
- Finalize the RQHR IM/IT/Equip 2014/15 project plan;
- Track the availability of critical applications and services and the support effort associated with them;
- Monitor progress of major projects that the IT department is involved with.

The Patient Experience

An Automated External Defibrillator saved my life

"When I drove into town that day in January, I had no idea that something bad was going to happen."

Mary Lezon and her husband Edward were going to the Victoria Square Mall to run some errands. Mary went to a nearby bank while Edward went to a jewelry store in the mall.

When Mary returned to the mall there was a crowd of people gathered around, looking panicked. To her horror, when she made her way through the crowd, she saw Edward lying on the floor.

Everyone was watching, but no one seemed to know what to do. Luckily, a member of the public knew from Edward's symptoms that he needed an Automated External Defibrillator.

"They said he had ventricular fibrillation, which is a fast heart. They kept him in the hospital for two weeks after the incident."

Edward Lezon.

Prior to the incident, Edward never had heart problems.

"The Automated External Defibrillator helped save my husband, and I think it's necessary for a lot of people from young to old to be aware of how and when to use one.

When a person is put into that position, you just have to get their heart beating. I think people should be aware of all the things you can do to help save others in emergency situations, whether it's CPR, or use of an Automatic External Defibrillator. There would be a lot less people standing around, not knowing what to do."

You can never predict when someone will need an Automatic External Defibrillator, but by knowing how to use one, you could save someone's life.

Better Value Strategy

Achieve best value for money, improve transparency and accountability, and strategically invest in facilities, equipment and information infrastructure.

Financial:

5 Year Outcomes:

• By March 31, 2017, as part of a multi-year budget strategy, the health system will bend the cost curve by lowering status quo growth by 1.5%.

RQHR Project:

In 2013-14, the RQHR, through its engagement in provincial work to think and act as one
system with the province, has been involved in developing a provincial approach to business
case development for health system savings. In addition, the RQHR focused on reducing
human resource costs by improving staffing schedules and monitoring overtime.

Results:

- Early planning in 2013 indicated that there would be a potential deficit of \$25 million. Subsequently, this was revised to \$15 million, as a result of identified projects and initiatives which were approved by the Regional Health Authority (RHA) in May 2013. Through a focus on quality and safety, patient flow and diligent daily management, the RQHR finished 2013-2014 with a deficit of \$1.6 million, which is less than 0.2% of total operating expenditures.
- Moving forward into the next fiscal year, the RQHR will have a continued focus on quality and safety, patient flow, primary health care, and continued daily management of our resources.
- There will be planned and targeted initiatives which are carrying forward from 2013-14. This includes master roster scheduling reviews and development of standard, consistent work to ensure the right person is providing the right service. Additionally, new initiatives will be implemented in 2014-15, such as reviewing opportunities for standard orientation and staffing levels. Shared services initiatives with 3sHealth and other Regional Health Authorities will also continue into 2014-15, as well as daily management around staffing decisions, appropriateness, as well as Stop the Line and Lean initiatives.

Progress in 2013-14 Better Teams

Better Team Strategy

Build safe, supportive and quality workplaces that support patient and family-centred care and collaborative practices, and develop a highly skilled, professional and diverse workforce that has a sufficient number and mix of service providers.

Engagement:

5 Year Outcomes:

• By March 31, 2017, increase staff and physician engagement provincial average scores to 80%.

5 Year Improvement Targets:

- 1,000 Lean training & Kaizen events (2017).
- 100% of staff and physicians continuously improving care and service through visual daily management (2017).

RQHR Project:

 Lean and Kaizen work continues to be woven into the fabric of each RQHR strategy and project as it provides a foundation for continuous improvement in the organization.

Results:

Lean & Kaizen

- Kaizen events (for this metric) are defined as any improvement event that has a Target Progress
 Sheet attached to it e.g., Rapid Process Improvement Workshop, 5s, Mistake Proofing,
 Kanban. Lean training events include Kaizen Basics, Lean Leader training, Kanban seminar,
 visual daily management.
- In the last fiscal year, there were 110 RQHR Kaizen events and 126 Lean training events for a total of 236 events to-date.
- 19 Kaizen Promotion Office (KPO)/Kaizen Operations Team specialists were trained to deliver Kaizen Basics.
- The RQHR has had 2,750 participants in Kaizen Basics in 2013-2014 and 3,914 since the region started offering the one-day workshop.
- KPO specialists have delivered 16 sessions on developing visibility walls, involving 717 people in 2013-2014.
- 226 visibility walls have been established within the RQHR.
- 108 RQHR physicians and staff are participating in Lean Leader Training Certification; a further nine became certified Lean Leaders in 2013-2014.
- Kaizen events will continue in the next fiscal year.

Progress in 2013-14 Better Teams

Staff & Physician Engagement

- A provincial Physician Engagement Survey was conducted in early 2014. Results of this survey
 will help to inform next steps so the RQHR can form a root-cause analysis, and develop a
 strategy to fix issues that have been made apparent by the survey.
- The RQHR completed an employee engagement survey in early 2014. The survey has given
 the region a clear understanding of priority areas that require attention, including four key
 areas that will be targeted in 2014-15. In support of improving employee engagement, the
 RQHR's Human Resources, Practitioner Staff Affairs and Communications Department have
 developed a Great Workplace Strategy to address the priority areas. This strategy will continue
 to be implemented into the next fiscal year, and will focus on:
 - leadership commitment, which will continue to advance the Saskatchewan health care Lean management system.
 - a structure for success. This will include refining and evaluating the RQHR's organizational structure to ensure it reflects the patient's journey and supports the provision of highquality patient care and the region's priorities.
 - building the foundation and defining a workplace value proposition. A workplace value proposition improves relationships in the workplace, which is essential for strong teams.
 The value proposition will be inclusive of employees and physician partners.
 - developing constructive business relations with unions built on mutual respect and trust.
 - a follow-up on engagement surveys to measure progress routinely. This will provide snapshots which will help the RQHR's leaders continue to build on an action plan.

The Patient Experience

Patient participant gets "an eye-opener"

Jeff Mysko took part in Lean improvement work with Regina Qu'Appelle Health Region (RQHR) because during a hospital stay he could see that something was missing.

"I saw what was happening around me from both a personal and business perspective," said Mysko, who has a degree in business and was Director of Business Development for a major Canadian wholesale company. "There was a gap between public input and the administration. There was a lot of waste and the patient wasn't always considered. It's the patient who needs to be taken care of. The patient needs to be comfortable and kept up to date with what's happening. The environment should feel more comfortable and efficient."

Mysko, who is waiting for a hip replacement, has taken part in two rapid process improvement workshops (RPIWs) in the past five months. RPIWs create small tests of change that are trialed over a one-week period. The work is regularly audited post-RPIW to fine tune the changes and ensure gains are maintained.

The first RPIW in which Mysko participated looked at reducing the time required to set up an operating room between surgeries at Pasqua Hospital. The second focused on improving the information flow on the Burn/Plastic/Surgery Unit at the Regina General Hospital to meet daily bed demand.

"What took place was an eye-opener," he said. "Not only was I able to express my views and opinions and make suggestions, I felt I was an

Tamara Quine, Patient and Family-Centred Care Specialist (right), speaks with Jeff Mysko, a patient participant.

Photo Credit: Medical Media Services.

integral part of the decision-making process at the grass roots end. It sincerely was a group effort. Suggestions that I played a part in have stuck."

He said the team made him feel comfortable by taking the time to explain the processes so that he could make informed suggestions. He was especially impressed that amongst those seeking his observations and opinions was RQHR's President and CEO Keith Dewar.

Mysko said including the patient voice in projects such as these is vital.

"It's a fresh look at what's going on. Everything's basically new to me."

He applauds the work of the RPIWs and encourages more collaboration at this level.

"If [an RPIW] shaves five minutes off of my wait, and that's the five minutes where I may have decided to quit waiting and go home, then it's worthwhile."

2 0 1 3 / 2 0 1 4 Financial Report

Management Report

May 28, 2014

REGINA QU'APPELLE HEALTH REGION REPORT OF MANAGEMENT

The accompanying financial statements are the responsibility of management and are approved by the Regina Qu'Appelle Regional Health Authority. The financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and the Financial Reporting Guide issued by Saskatchewan Health, and of necessity include amounts based on estimates and judgments. The financial information presented in the annual report is consistent with the financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the region's assets are safeguarded and the financial records are relevant and reliable.

The Authority delegates the responsibility of reviewing the financial statements and overseeing management's performance in financial reporting to the Audit and Finance Committee. The Audit and Finance Committee meets with the Authority, management and the external auditors to discuss and review financial matters and recommends the financial statements to the Authority for approval. The Authority approves the annual report and, with the recommendation of the Audit and Finance Committee, approves the financial statements.

The appointed auditor conducts an independent audit of the financial statements and has full and open access to the Regina Qu'Appelle Regional Health Authority. The auditor's report expresses an opinion on the fairness of the financial statements prepared by management.

Keith Dewar

President and Chief Executive Officer

Robbie Peters

Vice President & Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of the Regina Qu'Appelle Regional Health Authority, which comprise the statement of financial position as at March 31, 2014, and the statements of operations, remeasurement gains and losses, changes in fund balances and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for government not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of Regina Qu'Appelle Regional Health Authority as at March 31, 2014, and the results of its operations, its remeasurement gains and losses, changes in its fund balances, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards for government not-for-profit organizations.

Regina, Saskatchewan

May 28, 2014

Financial Overview

For the year ended March 31, 2014, the Regina Qu'Appelle Health Region (Region) recorded an actual deficit of \$1.58 million compared to a budgeted deficit of \$15.0 million. This equates to less than 0.2% of total operating expenditures, and less than 1 day of average spending for the region. The favourable variance compared to budget was largely due to the region's focus and initiatives on quality and safety for patients and staff, patient flow and diligent daily management, along with the success of the surgical program in 2013-14. A record number of surgeries were performed, with an increase of more than 14% over 2012-13. This resulted in additional revenue being received from the Ministry of Health. In total, 91.4% of operating revenues (91.0% for the year ended March 31, 2013) were funded by the Ministry of Health.

The region incurred operating expenditures of \$1,002.9 million in 2013-14, a 3.1% increase over 2012-13, compared to budgeted expenditures of \$984.8 million. Salary and benefit costs, including medical remuneration, accounted for approximately 73.0% of total operating expenditures (72.6% for the year ended March 31, 2013). The majority of the unfavourable expense variance was due to retroactive compensation costs.

Approximately 67.5% of operating funds (68.2% for the year ended March 31, 2013) were used to provide service to patients and residents in our facilities, 11.7% on community health services (11.8% for the year ended March 31, 2013), including home care, primary health care, mental health and addictions and emergency response services, 13.9% on operational supports (13.8% for the year end March 31, 2013) and 6.8% on other support and ancillary services (6.2% for the year ended March 31, 2013).

Progress was made on reducing overtime and other premium costs in 2013-14. Hours paid at premium rates decreased by 7% over 2012-13, largely due to a focus on daily management of resources and focusing on staffing expenditures. Through its partnership with 3sHealth, the region was able to reduce various supply costs due to consolidated procurement and product standardization initiatives. Drugs and implantable cardiac device costs decreased by more than 14% over 2012-13.

Capital expenditures for 2013-14 totaled \$27.6 million (\$27.7 million for the year ended March 31, 2013) with approximately 54.3% of funding provided by the Ministry of Health. The remainder of the funding was provided by various sources, such as foundations and rural trust contributions. Approximately 66% was spent on medical equipment, diagnostic imaging equipment and information technology while 34% was spent on capital and infrastructure projects.

The region provides funding to prescribed health care organizations (see Note 10(b) of the audited financial statements) and other third parties for the provision of health care services.

The region received operating revenue totaling \$1,001.3 million for 2013-14, an increase of 5.1% over 2012-13. Budgeted revenue for 2013-14 was \$969.8 million, resulting in a favourable revenue variance of \$31.5 million. The majority of the favourable variance was due to funding received from the Ministry of Health relating to collective bargaining agreements and increased surgical volumes. Revenues also exceeded target in the areas of compensation recoveries from third parties.

The region is responsible for managing various community trust funds. These funds reflect the community generated assets which were transferred to the region in accordance with preamalgamation agreements. Detailed information regarding these funds can be found in Note 2(b) (iii) and Schedule 3 of the audited financial statements.

Guaranteed debt obligations total \$6.4 million (\$7.3 million as at March 31, 2013) and are related to the mortgages for the special care homes and the loan outstanding on the Medical Office Building. The mortgages are secured through the land and buildings of the special care homes and the loan on the Medical Office Building is secured through the assignment of rent receipts. Further information related to this debt is disclosed in detail in Note 5 of the audited financial statements.

STATEMENT OF FINANCIAL POSITION

As at March 31, 2014

		Restrict	ed Funds

The accompanying notes and schedules are part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

March 31, 2014

1) LEGISLATIVE AUTHORITY

The Regina Qu'Appelle Regional Health Authority (RHA) operates under *The Regional Health Services Act* (The Act) and is responsible for the planning, organization, delivery, and evaluation of health services it is to provide within the geographic area known as Regina Qu'Appelle Health Region under section 27 of The Act. The Regina Qu'Appelle Regional Health Authority is a non-profit organization and is not subject to income and property taxes from federal, provincial and municipal levels of government. The RHA is a registered charity under the *Income Tax Act* of Canada.

2) SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian public sector accounting (PSA) standards, issued by the Public Sector Accounting Board and published by the Chartered Professional Accountants of Canada (CPA). The RHA has adopted the standards for government not-for-profit organizations, set forth at PSA Handbook section PS 4200 to PS 4270.

a) Health Care Organizations

i) The RHA has agreements with and grants funding to the following prescribed health care organizations (HCOs) and third parties to provide health services:

615672 Saskatchewan Ltd. (Touchwood EMS) Phoenix Residential Society

Autism Resource Centre Prairie Ambulance Care (1998) Ltd.

Cupar Lions Volunteer Ambulance Rainbow Youth Centre

Extendicare (Canada) Inc. Raymore Community Health & Social Centre

Hutch Ambulance Service Regina Recovery Homes Inc.
Imperial & District Ambulance Soo Line Ambulance Association

JT Ambulance Service Ltd. Strasbourg EMS

Mental Health Association / Regina Branch Inc. Valley Ambulance Care Ltd.

Note 10 b) i) provides disclosure of payments to HCOs and third parties.

ii) The following affiliates are incorporated (and are registered charities under the *Income Tax Act* of Canada):

All Nations' Healing Hospital Inc.

The Regina Lutheran Housing Corporation

Cupar and District Nursing Home Inc.

The Salvation Army William Booth Special Care Home

Lumsden & District Heritage Home Inc. The Qu'Appelle Diocesan Housing Company

Santa Maria Senior Citizens Home Inc.

The RHA provides annual grant funding to these organizations for the delivery of health care services. Consequently, the RHA has disclosed certain financial information regarding these affiliates.

These affiliates are not consolidated into the RHA financial statements. Alternately, Note 10 b) ii) provides supplementary information on the financial position, results of operations, and cash flows of the affiliates.

NOTES TO THE FINANCIAL STATEMENTS

March 31, 2014

iii) The Hospitals of Regina Foundation (the Foundation) is an independent not-for-profit entity that raises funds for programs and equipment for facilities under the Regina Qu'Appelle Health Region. The Foundation is incorporated under the *Non-Profit Corporations Act* and is a registered charity under the *Income Tax Act* of Canada.

The activities of the Foundation are not consolidated into the RHA financial statements. Alternately, Note 10 b) iii) provides supplementary information on the financial position, results of operations, and cash flows of the Foundation.

b) Fund Accounting

The accounts of the RHA are maintained in accordance with the restricted fund method of accounting for revenues. For financial reporting purposes, accounts with similar characteristics have been combined into the following major funds:

i) Operating Fund

The operating fund reflects the primary operations of the RHA including revenues received for provision of health services from Saskatchewan Health - General Revenue Fund, and billings to patients, clients, the federal government and other agencies for patient and client services. Other revenue consists of donations, recoveries and ancillary revenue. Expenses are for the delivery of health services.

ii) Capital Fund

The capital fund is a restricted fund that reflects the equity of the RHA in capital assets after taking into consideration any associated long-term debt. The capital fund includes revenues from Saskatchewan Health - General Revenue Fund provided for construction of capital projects and/or the acquisition of capital assets. The capital fund also includes donations designated for capital purposes by the contributor. Expenses consist primarily of amortization of capital assets.

iii) Community Trust Fund

The community trust fund is a restricted fund that reflects community generated assets transferred to the RHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations. The assets include cash and investments initially accumulated by the health corporations in the RHA from donations or municipal tax levies. These assets are accounted for separately and use of the assets is subject to restrictions set out in pre-amalgamation agreements between the RHA and the health corporations.

c) Revenue

Unrestricted revenues are recognized as revenue in the Operating Fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted revenue related to general operations are recorded as deferred revenue and recognized as revenue of the Operating Fund in the year in which the related expenses are incurred. All other restricted contributions are recognized as revenue of the appropriate restricted fund in the year.

March 31, 2014

d) Capital Assets

Capital assets are recorded at cost. Normal maintenance and repairs are expensed as incurred. Capital assets, with a life exceeding one year, are amortized on a straight-line or declining balance basis over their estimated useful lives as follows:

Buildings 2% to 10%
Leasehold improvements 2.5% to 33%
Equipment 5% to 30%

Donated capital assets are recorded at their fair value at the date of contribution.

e) Asset Retirement Obligations

Asset retirement obligations are legal obligations associated with the retirement of tangible long-lived assets. Asset retirement obligations are recorded when they are incurred if a reasonable estimate of fair value can be determined. Accretion (interest) expense is the increase in the obligation due to the passage of time. The associated retirement costs are capitalized as part of the carrying amount of the asset and amortized over the asset's remaining useful life.

f) Inventory

Inventory consists of general stores, pharmacy, and linen. All inventories are recorded at the lower of cost or net realizable value. Cost of general stores and linen inventory is determined on a weighted average basis. Pharmacy inventory cost is determined on the first in, first out basis.

g) Employee Future Benefits

i) Pension plan:

Employees of the RHA participate in several multiemployer defined benefit pension plans or a defined contribution plan. The RHA follows defined contribution plan accounting for its participation in the plans. Accordingly, the RHA expenses all contributions it is required to make in the year.

ii) Accumulated sick leave benefit liability:

The RHA provides sick leave benefits for employees that accumulate but do not vest. The RHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method.

h) Measurement Uncertainty

These financial statements have been prepared by management in accordance with Canadian public sector accounting standards. In the preparation of financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contractual obligations and contingencies. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in the Statement of Operations in the period in which they become known.

i) Financial Instruments

Cash, short-term investments, accounts receivable, long-term investments, accounts payable, accrued salaries, vacation payable and debentures are classified in the fair value category. Gains and losses on these items carried at fair value are recognized through the Statement of Remeasurement Gains and Losses at each period end.

March 31, 2014

Gains and losses on these financial instruments are recognized in the Statement of Operations when the financial asset is derecognized due to disposal or impairment. Long term debt and mortgages payable are carried at amortized cost.

Financial assets in the fair value category are marked-to-market by reference to their quoted bid price. Sales and purchases of investments are recorded on the trade date. Investments consist of guaranteed investment certificates, term deposits, bonds and debentures. Transaction costs related to the acquisition of investments are expensed.

As at March 31, 2014 (2013 – none), the RHA does not have any outstanding contracts or financial instruments with embedded derivatives.

j) Replacement Reserves

The RHA is required to maintain certain replacement reserves as a condition of receiving subsidy assistance from Saskatchewan Housing Corporation. Schedule 4 shows the changes in these reserve balances during the year.

3) CAPITAL ASSETS

	 March 31, 2014						March 31, 2013		
	 Cost		ccumulated Imortization	Ne	t Book Value	Ne	t Book Value		
Land	\$ 7,786,570	\$	-	\$	7,786,570	\$	7,786,570

Buildings	468,201,596		232,109,796		236,091,800		242,365,857		
Equipment	326,275,024		254,175,261		72,099,763		71,986,798		
Construction in progress	 3,761,143				3,761,143		9,418,003		
	\$ 823,271,250	\$	495,135,337	\$	328,135,913	\$	334,314,868		

4) CONTRACTUAL OBLIGATIONS

a) Capital Asset Acquisitions

At March 31, 2014 commitments for acquisitions of capital assets were \$8,827,635 (2013 -\$12,314,806).

b) Operating Leases

Minimum annual payments under operating leases on property and equipment over the next five years are as follows:

2014-15	\$ 6,540,708
2015-16	5,869,940
2016-17	4,762,337
2017-18	4,290,197
2018-19	4,169,978
2019 & Subsequent	13,336,930

March 31, 2014

c) Contracted Health Service Organizations

The RHA continues to contract on an ongoing basis with private health service operators to provide health services in the RHA similar to those provided in the year ended March 31, 2014. Note 10 b) provides supplementary information on health care organizations.

5) MORTGAGES AND LOANS PAYABLE

	Interest Rate	Repayment Terms	S.H.C. Subsidy	2014	2013

				\$ 5,381,132	\$ 5,949,163

Saskatchewan Housing Corporation (SHC) may provide a mortgage subsidy for supportive care homes financed by Canada Mortgage and Housing Corporation (CMHC). The subsidy may change when the mortgage renewal occurs.

For each of the mortgages, the RHA has pledged the related buildings of the special care homes as security. Security for the loans was given in the form of promissory notes, general security agreements, assignments of fire insurance and board resolutions.

The RHA assumed responsibility for a loan agreement with Pacific and Western Bank of Canada, which was made on behalf of local governments that committed funds for the construction of the Balcarres Integrated Care Centre. The local governments provided signed agreements for the annual payment of their portion of the loan. The balance owing from local governments is \$44,514 (2013 - \$48,714).

March 31, 2014

The Medical Office Building demand loan was to finance the construction of the Medical Office Building. This project is considered to be self-financing over a 20-year period and the loan is secured through assignment of rent receipts. Interest is at bank prime less .375%. There is a remaining five-year amortization on this loan.

Principal repayments required in each of the next five years are estimated as follows:

2014-15	\$ 1,000,642
2015-16	588,136
2016-17	611,679
2017-18	609,616
2018-19	547,234
2019 & Subsequent	3,024,467

7) DEBENTURES PAYABLE

The RHA owns and operates several accommodation units occupied by "unit holders". In consideration for a life interest in a "right of use" of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupancy agreement by either party, the RHA is obligated to repay the unit holder or their representative the lesser of:

- a) The original sum; or,
- b) The fair market value of the holders' right of use.

The debentures payable represent the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

March 31, 2014

9) TRUST ACCOUNTS

The RHA administers funds held in trust for staff, patients, and residents using the RHA's facilities. The funds are held in separate accounts. The total cash held in trust as at March 31, 2014 was \$274,589 (2013 - \$188,599). These amounts are not reflected in the financial statements.

10) RELATED PARTIES

These financial statements include transactions with related parties. The RHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards and commissions under the common control of the Government of Saskatchewan. The RHA is also related to non-Crown enterprises that the Government jointly controls or significantly influences. In addition, the RHA is related to other non-Government organizations by virtue of its economic interest in these organizations.

a) Related Party Transactions

Transactions with these related parties are in the normal course of operations. Amounts due to or from and the recorded amounts of transactions resulting from these transactions are included in the financial statements and the table below. They are recorded at exchange amounts which approximate prevailing market rates charged by those organizations and are settled on normal trade terms.

In addition, the RHA pays Provincial Sales Tax to the Saskatchewan Ministry of Finance on all its taxable purchases. Taxes paid are recorded as part of the cost of those purchases.

March 31, 2014

b) Health Care Organizations

i) Prescribed Health Care Organizations and Third Parties

The RHA has also entered into agreements with HCOs and third parties to provide health services.

These organizations receive operating funding from the RHA on a monthly basis in accordance with budget amounts approved annually. During the year, the RHA provided the following amounts to HCOs and third parties:

	2014	2013
615672 Sask Ltd. (Touchwood EMS)	\$ 496,197	\$ 496,547

	\$ 33,679,451	\$ 31,770,795

ii) Affiliates

The Act makes the RHA responsible for the delivery of health services in its region including the health services provided by privately owned affiliates. The Act requires affiliates to conduct their affairs and activities in a manner that is consistent with, and that reflects, the health goals and objectives established by the RHA. The following presentation discloses the amount of funds granted to each affiliate:

		2014		2013
All Nations' Healing Hospital Inc.	\$	5,457,692	\$	4,956,434
Cupar & District Nursing Home Inc.		2,893,588		2,870,104
Lumsden & District Heritage Home Inc.		2,377,275		2,338,265
The Qu'Appelle Diocesan Housing Corporation		1,286,427		1,281,294
The Regina Lutheran Housing Corporation		4,672,277		5,186,555

iii) Fund Raising Foundations

The Hospitals of Regina Foundation Inc. is an independent non-profit corporation without share capital that has its own Board of Directors. It provides donations to the RHA for capital equipment, education and research purposes. Its accounts are not included in these financial statements. As of December 31, 2013 it has net assets of \$26,003,221 (2012 - \$21,885,344). During the year, the Foundation provided funding of approximately \$8,593,681 (March 31, 2013 - \$7,480,403) for programs and capital acquisitions reported in donations and ancillary income. These amounts were used to fund capital assets, education and research projects throughout the region.

11) EMPLOYEE FUTURE BENEFITS

a) Pension Plan

Employees of the RHA participate in one of the following pension plans:

- 1. Saskatchewan Healthcare Employees' Pension Plan (SHEPP) This is jointly governed by a board of eight trustees. Four of the trustees are appointed by Health Shared Services Saskatchewan (3sHealth) (a related party) and four of the trustees are appointed by Saskatchewan's health care unions (CUPE, SUN, SEIU, SGEU, RWDSU, and HSAS). SHEPP is a multi-employer defined benefit plan that came into effect December 31, 2002. (Prior to December 31, 2002 this plan was formerly the SAHO Retirement Plan and governed by the Saskatchewan Association of Healthcare Organizations Board of Directors).
- Regina Civic Employees' Superannuation and Benefit Plan (RCP) This is a multi-employer
 defined benefit plan that is administered by a jointly trusteed board (equal employer and employee
 representatives). All costs, including cost of any actuarially determined deficiency, are equally shared by
 the employees and employers.
- 3. Public Employees' Pension Plan (PEPP) (a related party) This is a defined contribution plan and is the responsibility of the Province of Saskatchewan.

March 31, 2014

The RHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Pension expense is included in Compensation – Benefits in Schedule 1 and is equal to the RHA contributions amount below.

	2014				2013
	SHEPP ¹	PEPP	RCP	Total	Total
Number of active members	6,991	40	1,478	8,509	8,419
Member contribution rate, percentage of salary	8.1% - 10.70%*	5.00% - 7.00%*	8.42% - 13.96%*		
RHA contribution rate, percentage of salary	9.07% - 11.98%*	6.00% - 7.00%*	8.42% - 13.96%*		
Member contributions (thousands of dollars)	29,360	264	9,210	38,834	37,939
RHA contributions (thousands of dollars)	33,058	291	9,506	42,855	41,524

^{*} Contribution rate varies based on employee group

Pension plan contribution rates have increased as a result of recent deficiencies in SHEPP. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio 1.12 to 1. Contribution rates will continue to increase until the next actuarial reports are completed.

b) Accumulated Sick Leave Benefit Liability:

The cost of the accrued benefit obligation related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The RHA has completed an actuarial valuation as of March 31, 2014. Key assumptions used as inputs into the actuarial calculation are as follows:

		2014		2013
Discount Rate		2.85%		2.50%
Rate of Inflation	0.00% to 2.00%		0.0	00% to 2.00%
		2014		2013
Accrued benefit obligation, beginning of year	\$	25,124,900	\$	25,108,900
Cost for the year		3,922,200		3,846,500
Benefits paid during the year	_	(3,868,800)	_	(3,830,500)
Accrued benefit obligation, end of year	\$	25,178,300	\$	25,124,900

12) BUDGET

The RHA Board approved the 2013-2014 budget plan on May 29, 2013.

13) INSURANCE

The RHA purchases liability insurance from Healthcare Insurance Reciprocal of Canada (the Reciprocal). Under the terms of the Subscribers' Agreement, with respect to a policy period where revenues exceed expenses, any premium surplus may be refunded to the Reciprocal's subscribers on a proportionate

¹ Active members are employees of the RHA, including those on leave of absence as of March 22, 2014. Inactive members are not reported by the RHA, their plans are transferred to SHEPP and managed directly by them.

March 31, 2014

basis after the subscriber has been enrolled with the Reciprocal for more than four years. This is the RHA's seventeenth year in the agreement with the Reciprocal. Similarly, if there is a deficiency of revenues, the Reciprocal may collect such premium deficiency from its Subscribers on a proportionate basis. The Reciprocal maintains a stabilization fund to cover future deficiencies. Also, the Reciprocal is insured for claims in excess of \$1 million. Surplus distribution was \$45,233 (2013 - \$0). There are no claims reported that are expected to exceed the policy limits.

14) FINANCIAL INSTRUMENTS

a) Significant Terms And Conditions

There are no significant terms and conditions related to financial instruments classified as current assets or current liabilities that may affect the amount, timing and certainty of future cash flows. Significant terms and conditions for the other financial instruments are disclosed separately in these financial statements.

b) Financial Risk Management

The RHA has exposure to the following risk from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the RHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the RHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

c) Credit Risk

The RHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the RHA's receivables are from Saskatchewan Health – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other Provinces. The RHA is also exposed to credit risk from cash, short-term investments and investments.

The carrying amount of financial assets represents the maximum credit exposure as follows:

	2	014 2013
Cash and short-term investments	\$ 19,900,	888 \$ 19,760,026
Accounts receivable		
Ministry of Health - General Revenue Fund	18,118,	429 3,504,726
Other	16,400,	907 15,613,659
Investments	467,	458 461,817
	\$ 54,887.	682 \$ 39,340,228

The RHA manages its credit risk surrounding cash and short-term investments and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The RHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

d) Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates will affect the RHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposure within acceptable parameters while optimizing return on investment.

March 31, 2014

(i) Foreign exchange risk:

The RHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. Foreign exchange risk arises from transactions denominated in a currency other than the Canadian dollar, which is the functional currency of the RHA. The RHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

(ii) Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates.

Financial assets and financial liabilities with variable interest rates expose the RHA to cash flow interest rate risk. The RHA's investments include guaranteed investment certificates bearing interest at fixed rates. The RHA's mortgages payable outstanding as at March 31, 2014 and 2013 have fixed interest rates.

Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

As at March 31, 2014, had the prevailing interest rates increased or decreased by 1%, assuming a parallel shift in the yield curve, with all other variables held constant, the RHA's financial instruments would have decreased or increased by approximately \$117,975 (2013 - \$280,822), approximately 13.88% of the fair value of investments (2013 - 28.6%).

e) Liquidity Risk

Liquidity risk is the risk that the RHA will not be able to meet its financial obligations as they become due.

The RHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities.

At March 31, 2014, the RHA has a cash balance of \$19,518,180 (2013 - \$19,238,922).

f) Fair Value

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

- The carrying amounts of these financial instruments approximate fair value due to their immediate or short-term nature.
 - Accounts receivable
 - Accounts payable
 - Accrued salaries and vacation payable
- Cash, short-term investments and long-term investments are recorded at fair value as disclosed in Schedule 2.
- The fair value of mortgages payable and long term debt before the repayment required within one year, is \$5,854,170 (2013 \$6,703,758) and is determined using discounted cash flow analysis based on current incremental borrowing rates for similar borrowing arrangements, net of mortgage subsidies.

March 31, 2014

Determination of fair value

When the carrying amount of a financial instrument is the most reasonable approximation of fair value, reference to market quotations and estimation techniques is not required. The carrying value of cash and short-term investments, accounts receivable and accounts payable approximated their fair values due to the short-term maturity of these financial instruments.

For financial instruments listed below, fair value is best evidenced by an independent quoted market price for the same instrument in an active market. An active market is one where quoted prices are readily available, representing regularly occurring transactions. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation.

Level 1 – Where quoted prices are readily available from an active market.

Level 2 – Valuation model not using quoted prices, but still using predominantly observable market inputs, such as market interest rates.

Level 3 – Where valuation is based on unobservable inputs. There were no items measured at fair value using level 3 in 2013 or 2014.

There were no items transferred between levels in 2013 or 2014.

		2014		_	2013						
	 Level 1		Level 2		Total		Level 1		Level 2	_	Total
Investments	\$ 850,166	\$	_	\$	850,166	\$	982,921	\$	_	\$	982,921
Mortgages payable	\$ _	\$	6,381,774	\$	6,381,774	\$	_	\$	7,281,145	\$	7,281,145

g) Operating Line of Credit

The RHA has an unsecured line of credit limit of \$31,514,987 approved by the Minister of Health in 1999. Interest on the outstanding balance is charged at bank prime less .75%. Total interest paid on the line of credit was \$1,362 (2013 - \$0).

15) INTERFUND TRANSFERS

Each year the RHA transfers amounts between its funds for various purposes. These include funding capital asset purchases and reassigning fund balances to support certain activities.

16) PAY FOR PERFORMANCE

Effective April 1, 2011, a pay for performance compensation plan was introduced. Amounts over 90% of base salary are considered 'lump sum performance adjustments'. Senior employees are eligible to earn lump sum performance adjustments up to 110% of their base salary. During the year, senior employees are paid 90% of current year base salary and lump sum performance adjustments related to the previous fiscal year. At March 31, 2014, lump sum performance adjustments relating to 2013-14 have not been determined as information required to assess senior employee performance is not yet available.

¹ Salaries include regular base pay, overtime, honoraria, sick leave, vacation leave, and merit or performance pay, lumpsum payments, and any other direct cash remuneration. Senior employees were paid at 90% of base salary. Senior employees are eligible to earn up to 110% of their base salary. Performance pay is reflected in the year paid. Refer to Note 16 for further details.

² Benefits & allowances include the employer's share of amounts paid for the employees' benefits and allowances that are taxable to the employee. This includes taxable: professional development, education for personal interest, non–accountable relocation benefits, personal use of an automobile, cell phone, computer, etc., as well as any other taxable benefits.

Appendix C: 3sHealth 2013-14 Shared Services Report

Health Shared Services Saskatchewan (3sHealth) was established in 2012 through a partnership between the health regions and Saskatchewan Cancer Agency (SCA) to provide shared administrative and clinical support services. By sharing services, the health regions, SCA, and other health care partners can provide better quality of care to patients and families. At the same time, the health care system can leverage shared services to reduce costs and redirect savings back to patient care.

Alongside the health regions, 3sHealth celebrated the following key achievements in 2013-14:

- Establishing a linen services agreement that will create a long-term, sustainable solution for health
 care linen services throughout the province, improving the patient experience, ensuring patient
 and worker safety, and capturing \$98 million in savings over 10 years.
- Leveraging of group purchasing contracts to increase the health system's buying power through
 provincial and national procurement contracts for clinical supplies and services, resulting in new
 available savings of \$7.8 million.
- Completing the Gateway Online project, which provides all employees in the Saskatchewan health sector with access to personal employment information in a centralized digital space.
- Exceeding our \$10 million annual provincial savings target, producing cost savings for the provincial health care system totaling over \$23 million.

The focus of 3sHealth's work in 2013-14 was on identifying opportunities for improvement that will improve quality of care for Saskatchewan patients and lower the cost curve for the system. As part of this work, 3sHealth explored potential shared services in key areas including medical imaging, medical laboratory services, information services / information management, transcription services, enterprise risk management, supply chain and environmental services.

Through ongoing collaboration with our health region and SCA partners, 3sHealth has exceeded \$93 million in total savings, and we are ahead of schedule in our goal of achieving our \$100 million five-year target. We look forward to celebrating this significant milestone next year with our health sector partners as together we transform health care.

The payee list is compiled and distributed in accordance with Ministry guidelines which states that the list must be included, either as an appendix or with the main content of the annual report, in all copies of the published annual report, whether it is distributed electronically or in hard copy. Reporting and tabling the payee list holds the Regional Health Authorities accountable for the public funds received.

Personal Services

Listed are individuals who received payments for salaries, wages, honorariums, etc. which total \$50,000 or more
